American Spokesman Says F111A 'Overdue'

North Viet Claims New U.S. Warplane Shot Down

SAIGON (AP) — North Vietnam claimed today that its armed forces had shot down an F111A, the controversial new U.S. warplane which tasted combat for the first time this week. U.S. authorities had reported earlier one of the $6 million planes was overdue after a mission.

The North Vietnamese claim, heard in a Hanoi broadcast monitored in Tokyo, said the supersonic swing-wing aircraft had been "shattered down" Thursday over Ha Tinh Province about 100 miles northwest of the demilitarized zone near the Laos border.

The broadcast made no mention of the fate of the two-man crew.

Asked about the Hanoi claim, a U.S. spokesman said: "I can't comment on it. I can't confirm or deny it. As far as I'm concerned, a plane is overdue."

One senior U.S. military official did not rule out the possibility when asked before the Hanoi announcement whether the plane might have been shot down.

"We have no evidence of that at all," he said. "It's a new aircraft. We have no way of knowing yet."

Six of the F111s, capable of speeds of more than twice the speed of sound with bomb loads greater than any other U.S. plane except the B52 Stratofortress, arrived at Ta Khli air base in Thailand March 17 and a flight of them, presumably four, made their first combat missions Monday.

Their mission Thursday, aimed at truck parks and storage areas 24 to 29 miles northwest of Dong Hoi in the North Vietnam's southern panhandle, was the fourth since they arrived in the combat zone.

The U.S. spokesman said he had no reports of any enemy action against the F111s in the raids near Dong Hoi Thursday night. He said no MIG interceptors engaged them and they did not draw surface-to-air missiles or antiaircraft fire.

The day before, he said, North Vietnamese ground troops fired on a flight of F111s but did no damage.

If the loss of the F111 is confirmed, it will be the 815th U.S. warplane downed in more than three years of bombing of North Vietnam.

There was no indication the planes would be grounded because of the loss of one. One source said he was almost certain the F111s were back in action over North Vietnam today,

Rate To Climb Monday For Withheld Tax

East Liverpool firms were notified today that the rate of withholding for city income tax on their payrolls will jump to a full one per cent, effective Monday, for most of their employes.

D. G. Wilkinson, tax commissioner, said notices have been mailed to all employers advising them of the change, required by an ordinance enacted by Council March 18. The rate formerly was eight - tenths of one per cent for East Liverpool residents employed locally.

The change ups the tax 20 cents on each $100 of earnings. The tax formerly was 80 cents on the $100 and it will jump $1 on each $100.

There is an exception in the law covering West Virginia residents who work in East Liverpool and local residents who are employed in West Virginia, Wilkinson said. In either instance, the tax rate is seven-tenths of one per cent — 70 cents on each $100. The exception comes because of credits for the state income tax paid in West Virginia.

But residents of Midland who are employed in East Liverpool must pay the full one per cent tax, Wilkinson added.

Council anticipates the rate increase will produce $86,000 in new revenue in the last three quarters of 1968.

Shultz Will Face Jurors In Gun Death Of Woman

Donald J. Shultz, 38, Wellsville truck driver, was bound over to the Columbiana County grand jury Thursday on a charge of first - degree murder in the shooting of his common-law wife, Freda Deem Shultz, 36.

Judge J. L. MacDonald of Southwest Court at Lisbon pointed out to the defendant that the alleged crime is not bailable and Shultz was returned to the County Jail. The Grand Jury will convene April 9.

Mrs. Shultz was shot twice in the right side about 4:20 p. m. March 12 as she sat on a bar stool at Pete's Cafe on Commerce St., Wellsville, where she was a waitress. She died nine hours later in Shadyside Hospital, Pittsburgh. The couple resided at the rear of 970 Main St.

Three persons testified yesterday at a preliminary hearing continued fom March 21—Pete Strace, owner of the cafe; Dr. William Kolozsi of Salem, coroner, and James R. (Ronnie) Gause of Hanoverton RD 1, investigator for the prosecutor's office.

Surace said he saw Freda and Shultz sitting side by side at the end of the bar then, while he was talking to a couple of customers, he heard "a crack like a firecracker." He said he turned and saw Freda fall backward against the stool backrest. Surace said he ran out the back to get help and did not hear a second shot.

The coroner said it is his opinion that Mrs. Shultz died of gunshot wounds. He said he conducted an autopsy on the body March 14 at the Haugh Funeral Home in Wellsville. Both slugs passed through her body, one through the chest and the other through the abdomen, he said.

The physicial - pathologist said he does not have a record of the case from Shadyside Hospital.

Gause said he was present at Wellsville City Hall when Wellsville police questioned the defendant. He said officer Edwin James advised Shultz of his rights before interrogating him. Gause said that during the time he was there no record was made of Shultz' answers and he did not sign a statement.

Family Gets Letter From Captured Son

TORONTO — Mr. and Mrs. Philip Lamantia of 903 Daniel St., parents of Seaman Anthony Lamantia who was aboard the Naval intelligence vessel Pueblo, captured by the North Koreans in January, reported they have received a letter from their son.

The Lamantias added that they are under strict instructions from the Navy not to disclose the contents of the letter.

Several families of crewman aboard the ship have received letters recently, some of which request the United States apologize for violating Korean Territorial waters.

Excerpts from other letters have been released to the news media. It is anticipated information in the Lamantia letter will be made public shortly.

Water Officials Seek To Counteract 'Taste'

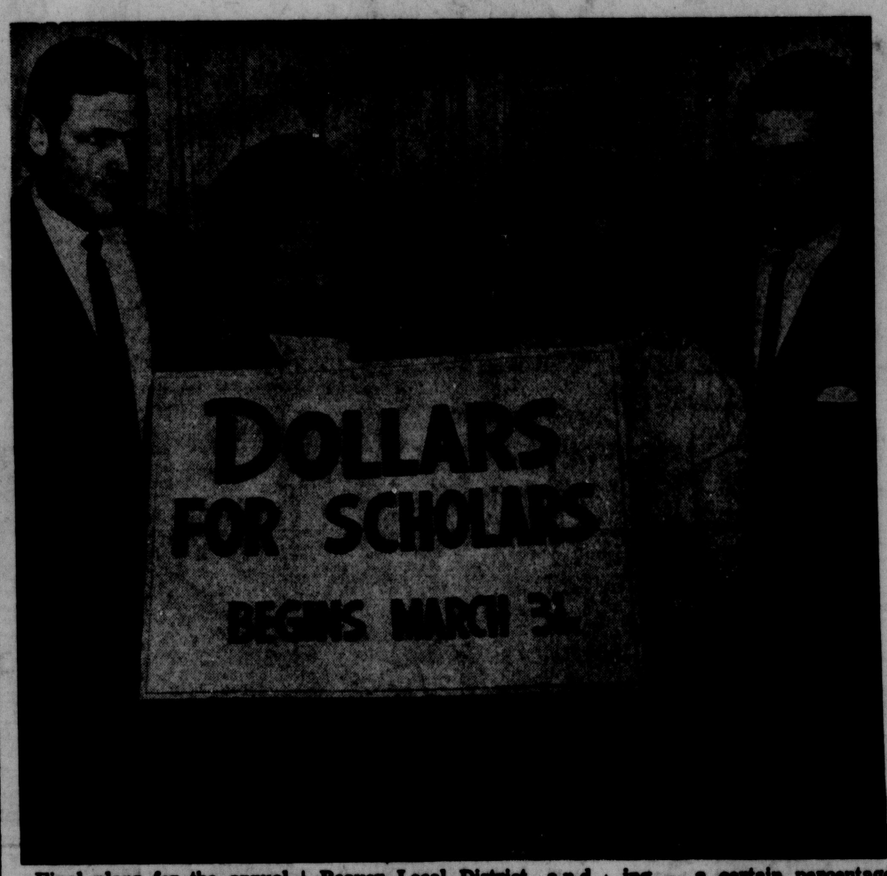

The water department treatment and purification plant is continuing with steps to counteract an indefinable "taste" in the city's water that has been noticed for the last two or three days, Francis Wise, city chemist, said today.

Some residents blamed the "taste" on phenol, but the source has not been pinpointed, Wise said. He said several methods of eliminating the taste have been tried — including changes in chlorination procedures — and they have met with varying degrees of success.

The problem appears to be confined to the immediate area, as a check with the Midland plant showed no "taste" in the water, Wise said. Better quality water is moving down the river at present and the problem should be corrected entirely in a day or two, Wise added.

Area Scholar Drive Set

Final plans for the annual "Dollars For Scholars" fund drive next week have been made by campaign leaders and trustees of the seven school districts.

Trustees shown discussing the house-to-house solicitation which will begin Sunday are, left to right, Norman Six of Oak Glen District, Mrs. John Hopper of East Liverpool District, Mrs. Ray Entriken of Beaver Local District, and A. J. Lynn of Wellsville District.

Charles Heller, drive chairman, said this is the sixth year in the area Citizens' Scholarship Foundation has conducted the drive. The Foundation was created to assist needy students in the quest for higher education. Scholarships are not limited to those seeking college training — a certain percentage of the Foundation's money can be used for vocational training.

The seven school districts are: East Liverpool, Beaver Local, Wellsville, Oak Glen, Midland, South Side and Western Beaver.

Memphis Police On Guard With Another March Due

MEMPHIS, Tenn. (AP) — Troop-protected firetrucks and stringent police patrols kept guard on Memphis today, but fires flickered sporadically in the wreckage left by a riot which claimed one life.

The violence began on historic Beale Street Thursday morning when a march by 6,000 Negroes led by Rev. Dr. Martin Luther King Jr. in support of striking garbage collectors turned into a riot and continued through the day and night despite a tightly enforced curfew.

The curfew was lifted at 5 a.m., and traffic began moving normally again. Guardsmen, troopers and police continued to be very much in evidence, as residents stepped gingerly from their homes and began heading for work.

Officials said the curfew, in effect not only in Memphis but in suburban areas as well, will be reimposed tonight "if necessary."

Another possible confrontation between marchers and police was expected today with Negro leaders saying they would stage another march—this one limited to sidewalks like those held almost daily since the city's sanitation workers struck Feb. 12.

Only police, state trooper and National Guard vehicles moved on the major streets during the night, but the alleys and back streets were alive with youths darting forth to set fires and stone firetrucks.

At midnight, a fire department spokesman said 148 fire alarms had been turned in from the downtown area. Later in the morning, a two-alarm blaze was reported at a feed mill, the second blaze there during the night.

National Guardsmen, riding on the firetrucks, prevented serious interference, however, and firefighters had most of the blazes out in short order.

A more serious threat was a sniping incident when five shots were fired at police officers stationed at the intersection of

British Labor Government Shaken Anew

LONDON (AP) — The tottering structure of Britain's Labor government was shaken anew Thursday night as opposition Conservatives swept four out of four special elections.

The Conservatives took the districts of Dudley, Acton and Meriden and held the district of Warwick and Leamington. Labor voters deserted their party by the thousand.

Conservatives called for Prime Minister Harold Wilson to resign and the British press assayed the Conservative sweep as indicating a huge loss of confidence in Labor.

Political observers said that if the government stuck to its hard-line economic austerity for the country, it would continue to lose special elections. Three more are pending.

Ohio Unable To Initiate Span Project

Legislative Action Needed For Start Of Building Plans

Hopes for early replacement of the Chester Bridge have faded rapidly as a result of legal restrictions and apparent reluctance of West Virginia officials to initiate cooperative planning.

A continuation of the 2½-ton load limit on the bridge—due to deterioration of the cables—can be expected for a long time, one highway official said this morning.

A private engineering firm has recommended construction of a new bridge "as soon as possible," but the Ohio highway executive said it is unlikely any span will be erected before 1971.

Ohio Highway Director P. E. Masheter said Thursday if Ohio is to replace the Chester Bridge, the state law must be changed.

—:—

HE SAID that although the span is owned by Ohio, the state cannot construct a new span because West Virginia owns the river to the low level water mark on the Ohio side.

Ohio law prohibits the state from construction outside the state boundary.

Masheter has reported to Gov. James Rhodes the law would have to be changed if Ohio is to build the new structure.

Since the legislature does not meet in regular session until January 1969, it appears probable the bridge planning may be delayed until then.

Reports out of Columbus indicated a meeting may be held shortly on the possibility of the erection of a toll bridge, which might permit a construction

Rejects Works Projects Freeze

Senate Eyes Final Vote On Taxes, Spending Cut

By JOE HALL
Associated Press Writer

WASHINGTON (AP) — The Senate heads toward a final vote on a three-point taxes and spending-cut bill after rejecting a section to freeze federal public works projects.

It also reversed itself Thursday and voted to go along with the Treasury Department's ruling to end tax exemptions on industrial development bonds, effective Jan. 1.

After five days of debate, the Senate was due to vote today on the over-all bill, which would extend auto and telephone excise taxes at current rates, apply a 10 per cent surcharge to income taxes and cut federal spending by about $6 billion.

Sen. John J. Williams, R-Del., who co-sponsored the surcharge-spending cut amendment, said Democrats have demonstrated they aren't serious about spending reductions which affect public works projects back home.

He told a newsmen this is making some Republicans reconsider whether they will support the surcharge proposal, which President Johnson wants.

The Senate voted 42 to 37 to eliminate from the package bill the freeze on public works projects.

Supporting the move were 38 Democrats and 4 Republicans; opposed were 12 Democrats and 25 Republicans.

The auto and telephone excises which would be extended at present rates by the bill will drop automatically at midnight Sunday.

But the Internal Revenue Service said it will continue to collect them at the higher rates since it was virtually certain Congress would extend them retroactively.

Senate and House leaders have tentatively arranged a conference on the legislation for Monday.

The Senate continued Thursday on its merry way adding extraneous amendments to the bill.

It dealt the administration a stiff defeat by adopting 48 to 25 an amendment by Sen. Peter H. Dominick, R-Colo., aimed at European countries which still owe billions in World War I debts to the United States.

Under it, the United States would decline to redeem in gold the dollars held by such countries but would credit the amount of dollars against the debts.

The first Thanksgiving Day was observed in the Virginia colony a year before the Pilgrims landed.

sisting of two members from each of the seven school districts. Awards are granted by a committee made up of three representatives from each of the school districts. When the Awards Committee meets, it acts upon applicants for scholarships without knowledge of the applicants name.

Applicants are judged by a system developed by the National Citizens' Scholarship Foundation of America, Inc. This system judges each candidate on 55 per cent financial need; 35 per cent scholarship achievement; 5 per cent participation in leadership indicating activities and 5 per cent on employment activities indicative of self-help initiative.

Grants are made without legal strings attached. However, recipients are expected to repay their grants, if possible, within ten years of completion of their studies. To date $1,175 has been repaid from the first scholarships granted in 1963. These first recipients received a total of $6,000. Experience indicates that approximately 95 per cent of all funds granted are likely to be repaid.

The fund campaign is conducted in all school districts the same week. Donors, with the exception of professional societies, may not designate the kind of study to be supported by their gift. In order to give recognition to donors, the Foundation will name a scholarship after each industrial donor for each $200 donated. Also, scholarships will be named after retail businesses and organizations for each $100 donated.

Amounts collected in the house-to-house solicitation and from small businesses in each school district are awarded to needy students within that school district.

Virtually all of the funds collected are contributed as scholarship awards: for example, in 1967, $26,100 was contributed to the Foundation and less than $100 representing one half of 1 per cent was used for expenses.

In the five year existence of the Area Citizens' Scholarship Foundation, more than $95,000 has been contributed. This has been awarded as 283 scholarships, representing an average award of $336, with some students receiving aid for two or more years.

Contributions to the Foundation are allowable as income tax deduction by the Federal Revenue Service.

Residents will be able to recognize authorized solicitors by the "Dollars For Scholars" arm bands that they will be wearing or by the Citizens' Scholarship Foundation receipts they will be able to provide to all contributors.

Anyone interested in Dollars For Scholars should contact the Foundation Trustees for their school district. The Trustees are: Beaver Local — Mrs. Entrikin and Mrs. Roy Cooper; East Liverpool — James J. Riot

(Continued from Page 1)

Beale Street and Hernando Avenue, the day's main trouble spot.

Policemen put on bulletproof vests, and National Guardsmen with sniperscopes moved into the areas. Police elected not to press the search for the sniper, and no further shots were reported.

Thursday's march began as a peaceful demonstration, and both its leaders and police authorities said the violence was the work of a splinter group of Negro youths.

Frank Holoman, Memphis police director, said the trouble started when 200 youths separated from the main group and went on a window breaking and looting binge. Police retaliated with clubs and riot gas.

In the struggle that followed and continued through the night, a 16-year-old Negro, Larry Payne, was shot to death, more than 150 arrests were made, and at least 50 persons were injured —including five shot and one stabbed.

Police said Payne was shot and killed sometime after the march was broken up. Holloman said he was told Payne was shot after charging an officer with a butcher knife when the youth was caught looting.

The stabbing victim was an unidentified city bus driver, leading the Memphis transit authority to halt all bus service.

Court Dismisses Littering Charge After 'Cleanup'

Municipal Judge Samuel M. Chertoff today dismissed charges alleging that James Scritchfield of 1114 St. Clair Ave. failed to comply with orders of the Health Department and a deputy state fire marshal after the court was advised the defendant had cleaned up litter on his property.

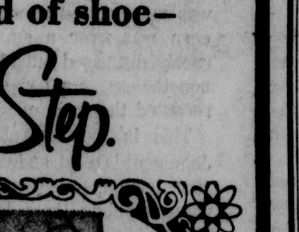

Scritchfield was named in affidavits signed by Fire Chief Alfred VanDyne and Ben Weber, a Health Board sanitary officer, alleging he had failed to comply with orders to clean up "rubbish, trash and garbage" in his yard.

Scritchfield, in his first court appearance yesterday, was ordered by the judge to clean up the alleged litter and return to court today. Weber and VanDyne told the judge today the order has been complied with.

VanDyne and Weber said they did not appear in the case yesterday because they had not been notified that Scritchfield had been served with the warrants and that his case would be heard Thursday. Scritchfield was ordered today to pay court costs on one of the charges.

Early Warning Has Sounded

Many years ago, long before the current conflict in Vietnam, an article about the strategic importance of Southeast Asia appeared in a nationally circulated magazine.

The article, in retrospect, seems brilliantly conceived. It stressed then that it was Southeast Asia, rather than Europe, which had the greater significance in the struggle between the forces of Communism and the Free World.

It pointed to the riches of th nations in Southeast Asia, the area's value as a breadbasket and its importance as a major stepping stone for Communism in its march toward world conquest.

The article deplored the fact that the governments of the West were concentrating on events in Europe, seemingly unaware of the real trouble spot of the future.

The stepped-up fighting in Laos, the increased use of Cambodia by the Viet Cong and North Vietnamese and the guerilla activity in northern Thailand clearly indicates the validity of the magazine's early warning.

Most of Southeast Asia today is actually involved in warfare of one type or another. The conflict can hardly be termed a Vietnamese civil war, with so many countries involved.

Despite two international agreements designed to preserve peace and the independence of Laos, the Communist forces of the Pathet Lao and North Vietnamese have seized control of a third of the nation and now have an estimated 70,000 troops on Laotian soil.

Prince Sovuanna Phouma, neutralist premier of Laos, says a general offensive is being mounted by the Reds with the aim of introducing a new regime to replace the present leadership.

The Communists recently captured several towns in Laos, staged their first air raid and introduced their big 140mm rockets.

But the most frightening news is the report, as yet unconfirmed, that 2,000 Chinese Communist troops have been added to the invading forces.

If the Chinese, with their inexhaustible manpower, decide to sweep southward, either covertly or overtly, the complexion of the war will change immediately and drastically.

The United States simply cannot afford to get involved in a land war in Southeast Asia with China.

It seems unlikely that Russia would like to see China overwhelm these countries.

Could it be that former vice president Richard Nixon is thinking along these lines when he suggests he would bring an end to the war through frank high-level talks with the Soviet Union?

Working Out As Advertised

When the Ohio State Highway Patrol gets under a full head of steam with auto inspection next month, no defective vehicle will have more than an outside chance of evading eventual detection.

During the last six weeks, with inspection teams working at half the desired efficinecy because of a manpower shortage, 30,000 cars were inspected. Half were defective.

This is a rough idea of what would be entailed in trying to inspect all six million of Ohio's registered motor vehicles. It would inflict unreasonable and unnecessary inconvenience on millions of motorists who keep their cars in A-1 condition and would do no more to get rid of unsafe cars than will be possible with a small fraction of the cost and effort required for mandatory inspection.

Admittedly, the first blast of helpful publicity about the beginning of spot inspection six weeks ago was dispersed when the program slowed down for lack of adequate manpower. Neglectful drivers quit worrying. This will be corrected, starting in April.

When it becomes generally know that spot-checking of cars is commonplace in Ohio and can happen anytime to any car, owners will not want to be put in the squeeze of making repairs within 72 hours. Spot inspection is a sound idea It should be given every reasonable chance to work before critics write it off as a failure.

A significant fraction of such critics think everything is a failure. They want everything to fail because it makes them feel successful.

Better Ball, Too?

District big league sports fans have welcomed the news out of Pittsburgh concerning the planned Northside Stadium which might just be built in time for the 1970 opening Pirate game.

Bids received Thursday are apparently within the prescribed budget, and groundbreaking may be held next month. Fans should feel confident that there will be more comfortable seating, more convient parking, better accessibility and modern facilities compared to old Forbes Field.

But what the true fan is wondering is how much better the baseball and football are going to be.

Still Has Big Plans Afoot

A sweeping readjustment of Cyrus Eaton's financial empire has brought his name and fame back into the news for the first time in years. Mr. Eaton is 84 but is reportedly not bowing out. He "still has big plans afoot."

He has been perhaps the most fascinating of 20th century financial geniuses.

He has been that rare species, an intellectual who turned his intellect from the abstract to the concrete and made fortunes. In the course of making one fortune, he organized Republic Steel Corp.

He returned his genius to the rubber industry, railroads, brokerage, utilities, mining, with numerous other interests developed from time to time as investment opportunities came his way.

He was the personal percursor of the conglomerate corporations that were to come into existence a generation later. Yet, throughout his fabulous career as a financial genius he continued a parallel career as an intellectual — a continuous tribute to his first interest as a young adult, when he studied to be a preacher.

His interest in the abstract has continued, accompanied by some of the most acute knowledge of finances and worldly matters of the 20th century. It was a baffling combination to his contemporaries, when it caused him to explore all the possibilities of rapprochement with the Soviet Union.

What "big plans" he may have afoot are not known. But a generation that has come to know Cyrus Eaton as a legend in his own time can be sure they will lack nothing in excitement and grandeur. Cyrus Eaton never had any little plans.

Dear Nephew: I sometimes have wondered what I would write if it were going to be my final letter.

At my age, you do wonder about such things. You surely do.

If this were my last letter, I would want to talk about the thing everybody is talking about right now — our country.

I have boundless confidence in its prospects. Your Uncle George is not selling America short.

I am sitting tight on a lifetime investment in the American way of life, I think I understand what it is. I believe in it implicitly.

The very same thing that is upsetting people at this moment happens to be the foundation of my confidence. People are upset, yapping at one another, asking pointed questions. I love it.

Asking questions is our all-American secret. Questioning authority and pulling the stuffing out of shirts is our patented process.

We aren't going to save freedom by burning and bombing people in a place called Vietnam. But the questions we are asking about that escapade has fanned the embers of our freedom at home into a blaze.

Everybody is in a mood to back everybody else against a wall and demand to know what is the meaning of it all. The rising generation is looking at the sinking generation and asking what it ever did to be so proud of.

Common people are looking at uncommon people and wondering what they have done lately to deserve their status. Blacks are looking at whites, eyeball to eyeball and vice versa.

At long last, we are coming to grips with race relations.

This is the era of questions.

Nothing is sacrosanct. We are in hot pursuit of answers to everything under the sun, even religion. This spooks people who don't want to give answers but it's wonderful mental exercise for people asking questions.

I am an optimist, as you know. My philosophy about getting along personally and jointly is summed up in that wonderful passage from Ecclesiastes . . . the one that contains these words:

"To everything there is a season, and a time to every purpose under the heaven . . . A time to be born and a time to die; a time to plant and a time to pluck up that which is planted;

"A time to kill, and a time to heal; a time to break down and a time to build up . . . A time to weep, and a time to laugh; a time to mourn, and a time to dance . . ."

You know the rest.

There is a season for nations and a time to every purpose undre the heaven.

When this present agony has passed, it will be time for Americans to set a fresh course. I do not know what it will be.

I do know it will not be the course we are cruising on now — the one that has carried us so close to the rocks.

If this were my final letter, I'd want to say something like this.

Take care of yourself and your wonderful family. Your Aunt Effie sends her love.

Purely Personal Observations

I had known about greeting cards for every possible occasion, but I was impressed when three friends who had forgotten my birthday followed through with prepared cards to take the sting out of their forgetfulness.

It's too early to take action but not too early to think about the probability the lawn mower will not be functional after a long, hard winter. It wasn't going any too well last September, as a matter of fact.

On mornings when I do not see the girl in the white Corvair, I wonder what might have happened to her — and if I don't see her two mornings in a row I think about chicken broth and flowers.

As human beings we exalt ordinary mortals into supernatural gods by hero-worshipping them, and this can get out of hand in a national election. The disenchangment that follows is not good for the Republic.

'I Hate You And You And You-!'

VICTOR RIESEL

LBJ's Election Conference

WASHINGTON — For 90 minutes in the White House last Wednesday evening, a gray-haired, stocky, bantam-sized visitor from New York sat, waited and watched military men, foreign experts, known and unknown, move quickly in and out of President Johnson's office.

Victor Riesel

Then it got on to 7:30 and the visitor, labor leader emeritus, Dave Dubinsky, thought he'd return another day for he knew that the President had to dress and be down in the State Dining Room for the banquet honoring Paraguay's president, General Alfredo Stroessner, by 8:30.

But Mr. Johnson, now candidate as well as consul, kept the little Ladies Garment Workers' honorary president with him — right down to the change of trousers in the upstairs bedroom.

The President wanted to know about New York State without which he cannot carry the nation in 1968, though Harry Truman did in '48, even if he carries his own convention.

But, strangely, for the moment the President was not worried about his own party. His concern was over a small political organization, rarely discussed outside N.Y. State, which has, nonetheless, for some two decades frequently rerouted the train of history.

This is the Liberal Party which gave Mr. Johnson his first audience in New York. And in 1960, it gave the Kennedy-Johnson ticket 406,000 votes enabling them to carry the big state. If Dick Nixon had captured New York State, he would have run ahead of the Kennedy-Johnson ticket by 5 electoral votes. But still his total would not have given him the majority of the Electoral College, thus throwing the election into the House of Representatives.

NEW YORK'S a tough state to figure and even Franklin D. Roosevelt carried it twice by an average majority of only 250,000. Thus today, without the Liberals, the fight inside the New York Democratic Party is almost academic.

Mr. Johnson has more of what the intelligence community call "basic information" in every state than all his advisers rolled into one. He knows that this virtually unknown Liberal Party is splintered.

Its chairman, the Rev. Don Harrington, reportedly would rather burn at the stake than endorse Mr. Johnson. Its new left contingent thinks the Reverend is of the old right despite his distaste for the President. And then there are McCarthyites. And Kennedyites. And there are three influential labor men — the Hatters' Alex Rose, the Ladies' Gament president Lou Stulberg and the veteran Dave Dubinsky.

In the past it has been the fantastically shrewd Alex Rose who has spoken for the little party. Back in 1963, he endorsed Lyndon Johnson as early as Feb. 14. In 1966, Rose called the President "a great man of peace." By late 1967, with his party splintered, Rose, who can make the Shpinx scund like a ladies tea party, was grimly silent.

The one outspoken, powerful force among the Liberals who is going all the way with LBJ — pictures, statements, money, manpower, political clubs, et al — is Stulberg.

-:-

THUS, THE LIBERAL PARTY leadership, which in the past has piled up votes for Franklin Roosevelt, ran the only real campaign in the state for Mr. Truman, and helped to elect Nelson Rockefeller by taking over half a million votes from the Democratic gubernatorial candidate in '66, and in between gave John Lindsay the 300,000 votes needed to beat the Democrats in 1965, is split wide open.

And President Johnson wants to know why. So he invited his old friend Dave Dubinsky down to tell him. Dubinsky did.

It can be taken for granted that Dubinsky told the President what he had told Bob Kennedy the other Friday. The Senator had telephoned him to say that he was declaring and would like his support. Dubinsky told him, in effect, that he was for Lyndon Johnson and would fight the insurgency.

But what of the Liberal Party? That's exactly the question Jack Kennedy asked away back there in a Los Angeles hotel during the '60 convention. The late president, only hours after he had been nominated, asked an intimate whether the small N.Y. party would place his name on its line if he chose to run with the Texan. Then Dubinsky sent word that the Liberal Party had no objection to Majority Leader Lyndon Johnson.

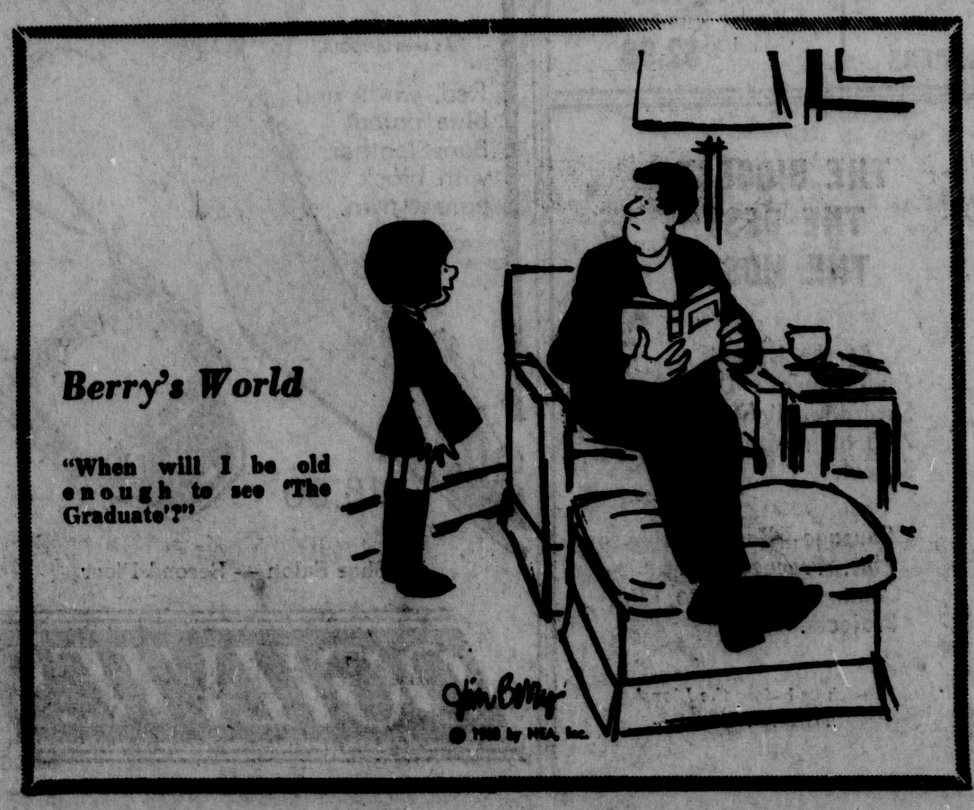

And so history repeats itself. This tiny party has a tiny secretariat. Most of it is the silent hatter, Alex Rose. And there is the Dubinsky tradition. But how many legions does tradition have?

The only pro-Johnson legions in this small party with such fateful balance of power now are under the leadership of the Garment Workers "new" president, Stulberg, who already has helped one pro-Johnson congressman win a special election on a strictly pro-Johnson program.

What was said in the President's bedroom as he dressed for dinner last Wednesday night is off the record.

But any one interested in this presidential election should watch the outcome of the meeting of the tall Texan and the little Ladies Garment cutter from New York.

For the moment it's one of the most vital untold stories of his supercharged year.

Electoral College

Even if a candidate of either party who entered the presidential-preference primaries in 11 states were to win a majority in every instance, this would not necessarily mean that he would be elected to the presidency.

The current overemphasis on the primaries is misleading and obscures the fact that, under the present electoral college system, a president isn't always chosen by a majority of the voters.

All the 11 states which today conduct presidential-preference primaries have a total of only 149 electoral votes. This is less than 28 per cent of the 538 electoral votes allotted to the 50 states of the union and the District of Columbia.

The presidential election which was the most conspicuous example of the weakness in the present method of choosing presidents was the one held in the year 1936. Gov. Alfred M. Landon of Kansas, Republican nominee for the presidency, got 16,675,000 votes — 36.5 per cent of the total cast throughout the country — but was entitled to only eight electoral votes, which was less than 2 per cent of the 531 electoral votes that year.

IF A PRESIDENTIAL candidate gets a majority in a state, the entire electoral vote of that state is customarily recorded for him in the electoral college.

A president may get less than a majority in the popular vote and still win by a landslide in the electoral college. This occurred in 1912, when Woodrow Wilson received about 42 per cent of the popular vote across the country and yet was the recipient of an electoral vote of 435 out of 531.

Barry Goldwater obtained 27,178,000 votes or approximately 39 per cent of the total cast. But his electoral allotment was 52 votes out of 538 — less than 10 per cent.

Since only 11 states provide for presidential-preference primaries today, the nominations have to be decided by the other 39 states. Conditions differ in various parts of the country and some of the farm states do not always vote the same way as the more populous states which have many cities and towns.

Even a public-opinion poll taken on a nationwide basis is, in some respects, a better measure of the feelings of the people than are the results of presidential-preference primaries in only 11 states. For many of these polls are made in farm areas as well as in urban communities and in large as well as small states.

In order to be a significant indicator of public opinion, however, a poll would have to be based on the majority trend in each state and would have to find some way of determining what the "undecided" voter will do on election day.

The simplest way to pick party nominees, of course, would be to require every state to hold a preference primary on the same day. More than two parties might participate, but it could be stipulated that the parties ranking first and second in the race would be the only ones eligible for the ballot on election day.

This would do away with third-party voting in the final election.

MANY MEMBERS of Congress favor a constitutional amendment which would provide that electoral votes would no longer be allocated to each state as a unit but that every congressional district would cast one electoral vote. The electoral total for each state would then be supplemented by two electorai votes which would be contested on a statewide basis.

In the smaller or less populous states which have only one congressman, all of the electoral votes would be cast by the state.

Some changes in the prevailing system are likely to be made as public sentiment has been moving away in recent years. But, before the unfairness of the present method is fully understood, perhaps the country will have to experience once again the kind of election in which a minority of the total popular vote elects a president.

All the 11 states which today conduct presidential-preference primaries have a total of only 149 electoral votes. This is less than 28 per cent of the 538 electoral votes allotted to the 50 states of the union and the District of Columbia.

The presidential election which was the most conspicuous example of the weakness in the present method of choosing presidents was the one held in the year 1936. Gov. Alfred M. Landon of Kansas, Republican nominee for the presidency, got 16,675,000 votes — 36.5 per cent of the total cast throughout the country — but was entitled to only eight electoral votes, which was less than 2 per cent of the 531 electoral votes that year.

IF A PRESIDENTIAL candidate gets a majority in a state, the entire electoral vote of that state is customarily recorded for him in the electoral college.

A president may get less than a majority in the popular vote and still win by a landslide in the electoral college. This occurred in 1912, when Woodrow Wilson received about 42 per cent of the popular vote across the country and yet was the recipient of an electoral vote of 435 out of 531.

Barry Goldwater obtained 27,178,000 votes or approximately 39 per cent of the total cast. But his electoral allotment was 52 votes out of 538 — less than 10 per cent.

Since only 11 states provide for presidential-preference primaries today, the nominations have to be decided by the other 39 states. Conditions differ in various parts of the country and some of the farm states do not always vote the same way as the more populous states which have many cities and towns.

Even a public-opinion poll taken on a nationwide basis is, in some respects, a better measure of the feelings of the people than are the results of presidential-preference primaries in only 11 states. For many of these polls are made in farm areas as well as in urban communities and in large as well as small states.

In order to be a significant indicator of public opinion, however, a poll would have to be based on the majority trend in each state and would have to find some way of determining what the "undecided" voter will do on election day.

The simplest way to pick party nominees, of course, would be to require every state to hold a preference primary on the same day. More than two parties might participate, but it could be stipulated that the parties ranking first and second in the race would be the only ones eligible for the ballot on election day.

This would do away with third-party voting in the final election.

MANY MEMBERS of Congress favor a constitutional amendment which would provide that electoral votes would no longer be allocated to each state as a unit but that every congressional district would cast one electoral vote. The electoral total for each state would then be supplemented by two electorai votes which would be contested on a statewide basis.

In the smaller or less populous states which have only one congressman, all of the electoral votes would be cast by the state.

Some changes in the prevailing system are likely to be made as public sentiment has been moving away in recent years. But, before the unfairness of the present method is fully understood, perhaps the country will have to experience once again the kind of election in which a minority of the total popular vote elects a president.

mortars and field guns on the village of Um Kais.

Newspapers throughout the Arab world had claimed for two days that another Israeli attack was in preparation. Amman reported heavy troop movements on Israel's side of the Jordan River truce line Thursday.

Newsmen in the tense Beisan Valley said the French-made Israeli jets penetrated several miles into Jordan to strike at gun emplacements dug into the slopes of the Gilad Mountains, and raked riverfront machine-gun nests in a four-mile sweep.

Reporting on the attacks, the Jordanian army said: "The enemy is keeping up continuous air activity over the northern area of the Nurdan Valley and is shelling our frontier positions. Our troops are fighting back."

The Israelis, sensitive about the vulnerability of their low-lying farm communities in the fertile valley, said they went to their air power after Jordanian big guns hit settlements at Gesher, Beit Yosef and Yardena.

Tension had filled the valley earlier in the day after four Israeli civilians were killed when their trailer, pulled by a tractor, hit a mine in a banana grove in Massada, south of Lake Galilee.

A fifth passenger, an American, was badly wounded, a spokesman said.

To the Arabs it looked like war was impending again.

Before news of the air strike, press reports in Cairo, Beirut, Damascus, Amman and Bagdad had chorused the general feeling that Israel was about to hit Jordan again, and soon.

Israeli troop buildups were reported under way in the northern part of the Jordan valley, and inhabitants on the Jordanian side of the river were reported to be evacuating their homes for safe ground.

The press also spoke of Israeli buildups along the cease-fire line with Syria, in the Sinai desert and even along the quiet border with Lebanon.

Reports from Amman said King Hussein held a lengthy meeting at army general headquarters Thursday. In Beirut, President Charles Helou and Premier Abdullah Yafi discussed the situation with Arab League Secretary-General Abdel Khalek Hassouna.

Iraqi President Abdel Rahman Aref warned the Arabs that time was not on their side. In a speech, Aref said the mission of U.N. peacvoy Gunnar Jarring was "useless" and the solution of the crisis lay in the hands of the Arabs. By that he meant another war.

The incidents today came eight days after Israeli forces slashed into Jordan, destroyed three guerrilla bases and killed 170 Arab commandoes.

Earlier today an Israeli army spokesman said machine-gun bursts were fired at two Israel army jeeps and a command car near the occupied city of Gaza. He added there were no casualties.

project without violating the law concerning public highway construction outside the state.

—:—

A TOP STATE highway engineer, asked about a possible time table for planning and construction, pointed to the preparation of replacement of the Silver Bridge which collapsed at Point Pleasant Dec. 15.

The federal government has approved funds for preliminary planning for the project which could be completed in August 1969. However, plans for a similar structure will be used by the contractor so that a whole set of new plans do not have to be prepared, he said.

As for the replacement of the Chester Bridge, "it depends upon cooperation." But he seemed to cast doubt on any new span over the river here before 1971.

A spokesman for the West Virginia Road Commission said yesterday Ohio owns the bridge and the replacement "is basically their problem."

—:—

QUESTIONED this morning at Charleston, road commission officials said they will have to see a copy of the consulting engineers report before making any formal comment.

Carter McDavid, public information aide, said, "So far, we've merely talked on the phone with some people in Ohio." State Road Commissioner M. R. (Cy) Hamill was reported to be in conference and unable to speak to newsmen.

The engineer at Columbus, asked "How safe is the bridge?" replied, "It is safe for the 5,000-pound load limit."

He said the bridge, however, will have "constant" maintenance and inspection. He said weekly inspections are planned.

The Modjeski and Masters engineering firm, which did the in-depth inspection and recommended the replacement, also recommended minor repairs be made and frequent inspections be undertaken.

Reaction of most East Liverpool authorities and businessmen was to seek some means of expediting planning for the bridge's replacement.

Davis Files Plea Of 'Not Guilty'

Charles (Bucky) Davis, one of seven Ohioans and a Wheeling woman indicted for transporting women across state lines for prostitution purposes, has pleaded not guilty before a federal commissioner.

Davis, 25, who has given addresses on Ohio Ave. and in Newell, was arraigned before a federal commissioner at Cleveland Wednesday and released under $2,500 bond.

Others indicted by a federal grand jury March 8 were Clair Cunningham, 58, and his son, David Cunningham, 19, of 112 E. 2nd St. Wesley Gillespie, 19, of 506 E. 5th St.; Mike Scarpasi, 35, of Youngstown; Robert Foster, 43, and Howard DeHaven, 53, both of Akron, and Florence Rottenstein, 59, of Wheeling.

Federal authorities said no dates have been set for the arraignment of the men.

All are accused of transporting two women from Warren to Wheeling for "purposes of prostitution."

The preliminary hearing scheduled for the Rottenstein woman has been continued until April 19, FBI agents at Wheeling said today.

Local Driver Unhurt In Weirton Accident

WEIRTON — An East Liverpool truck driver escaped injury when his vehicle and another car jackknifed at an intersection in north Weirton Thursday night.

James R. Hickman, 24, of East Liverpool was towing a car owned by Leola Hickman of 1941 Ridge Ave. when the accident occurred at Ave. I and Tell St.

Hickman told police that when he approached the intersection he applied the brakes of his truck, but the vehicle was unable to hold the car back and both vehicles jackknifed. Damage was moderate.

Hickman was cited by police for failure to have the vehicle under control and is scheduled to appear next Thursday in City Court.

Vietnam

although operational reports had not yet reached Saigon.

The Lubbock, Tex., Avance-Journal reported that the Pentagon had notified the parents of Capt. Dennis L. Graham, 26, Mr. and Mrs. C. M. Graham, that he was one of the two crewmen aboard the missing plane.

Word of the loss of the plane came out in a terse announcement from the headquarters of Gen. William C. Westmoreland: "An F111A has been declared overdue on a mission. For security reasons, no other details will be made available at this time."

Since their arrival the F111s have been assigned secondary targets in the southern panhandle rather than in the heartland where the enemy's defenses are much tougher.

Pilots are likely to face less antiaircraft fire, surface-to-air missiles and MIG interceptors in the panhandle. The idea was to break the F111s in gradually on the lesser targets.

Elsewhere, North Vietnamese gunners shot down another U.S. helicopter at Khe Sanh. A Marine CH46 Seaknight was downed by enemy automatic weapons fire a mile southeast of Hill 881, one of the strongpoints that flanks the main combat base.

The crew, believed to be four men, was rescued. There were no passengers reported aboard the helicopter. The helicopter was reported heavily damaged.

Enemy gunners pumped fewer than 200 rounds of artillery, mortars and rockets into the Khe Sanh combat base Thursday. U.S. casualties were said to be light.

In other developments, the U.S. Command reported that 57 Viet Cong soldiers had been killed in an eight-hour battle Thursday near Trang Bang about 30 miles northwest of Saigon.

Troops of the U.S. 11th Cavalry Regiment and South Vietnamese rangers and infantrymen battled an enemy force estimated at 400 men and called in support from tanks, dive bombers and helicopter gunships.

Two U.S. soldiers and 15 South Vietnamese were reported killed.

The action was part of the Quyet Thang—Resolved to Win—offensive, which was launched in five provinces around Saigon by 80,000 U.S. and South Vietnamese troops 19 days ago.

Enemy losses in the operation so far have been reported at 2,046, compared with 76 Americans killed and 631 wounded.

While attention was focused on the F111, U.S. pilots flew a total of 114 missions over North Vietnam Thursday, the largest number since March 20 when 119 strikes took place.

Key missions included a raid by Air Force F4 Phantoms on Phuc Yen airfield, 18 miles northwest of Hanoi. It is North Vietnam's major MIG base and has a 9,200-foot runway.

Pilots reported that surface-to-air missiles were fired at them and that they spotted two airborne MIGs, but the enemy jets did not tangle with them.

A spokesman said the MIGs may have taken off from Phuc Yen just before the strike to avoid being caught on the ground. Because of overcast skies, there was no damage assessment.

Navy all-weather A6 Intruders from the nuclear-powered carrier Enterprise pounded the Cat Bi airfield four miles southeast of Haiphong and the Hoi Doi military barracks 22 miles south-southwest of Haiphong.

Other Navy warplanes raked a total of 115 southbound enemy trucks in the panhandle.

In ground action, Viet Cong troops ambushed two companies of South Vietnamese rangers on patrol deep in the Mekong Delta 130 miles south of Saigon.

The rangers suffered 22 dead and 18 wounded, unofficial field reports said. South Vietnamese headquarters said 30 enemy were killed.

In Vientiane, Laos, three North Vietnamese sailors, captured by the U.S. Navy in the Tonkin Gulf in 1966, were set free and turned over to Hanoi authorities.

A U.S. spokesman said the release of the senior lieutenant and two corporals was in response to North Vietnam's releasing three American pilots last month. He expressed the hope that this would lead to the release of more prisoners by both sides.

Carolina Authorities Pick Up Man At Jail

LISBON — North Carolina authorities came to the County Jail here Thursday to return Bobby T. Story, 23, of Kannapolis, N.C., to Mt. Pleasant to answer a charge of "escape from confinement."

Sheriff Russell J. Van Fossan said Story was apprehended by Wellsville police on an unlawful flight warrant. Story appeared in Common Pleas Court Wednesday and told Judge Raymond S. Buzzard he would go back to North Carolina without extradition proceedings.

The War of the Roses lasted for 30 years, 1455-85.

mortars and field guns on the village of Um Kais.

Newspapers throughout the Arab world had claimed for two days that another Israeli attack was in preparation. Amman reported heavy troop movements on Israel's side of the Jordan River truce line Thursday.

Newsmen in the tense Beisan Valley said the French-made Israeli jets penetrated several miles into Jordan to strike at gun emplacements dug into the slopes of the Gilad Mountains, and raked riverfront machine-gun nests in a four-mile sweep.

Reporting on the attacks, the Jordanian army said: "The enemy is keeping up continuous air activity over the northern area of the Nurdan Valley and is shelling our frontier positions. Our troops are fighting back."

The Israelis, sensitive about the vulnerability of their low-lying farm communities in the fertile valley, said they went to their air power after Jordanian big guns hit settlements at Gesher, Beit Yosef and Yardena.

Tension had filled the valley earlier in the day after four Israeli civilians were killed when their trailer, pulled by a tractor, hit a mine in a banana grove in Massada, south of Lake Galilee.

A fifth passenger, an American, was badly wounded, a spokesman said.

To the Arabs it looked like war was impending again.

Before news of the air strike, press reports in Cairo, Beirut, Damascus, Amman and Bagdad had chorused the general feeling that Israel was about to hit Jordan again, and soon.

Israeli troop buildups were reported under way in the northern part of the Jordan valley, and inhabitants on the Jordanian side of the river were reported to be evacuating their homes for safe ground.

The press also spoke of Israeli buildups along the cease-fire line with Syria, in the Sinai desert and even along the quiet border with Lebanon.

Reports from Amman said King Hussein held a lengthy meeting at army general headquarters Thursday. In Beirut, President Charles Helou and Premier Abdullah Yafi discussed the situation with Arab League Secretary-General Abdel Khalek Hassouna.

Iraqi President Abdel Rahman Aref warned the Arabs that time was not on their side. in a speech, Aref said the mission of U.N. peacvoy Gunnar Jarring was "useless" and the solution of the crisis lay in the hands of the Arabs. By that he meant another war.

The incidents today came eight days after Israeli forces slashed into Jordan, destroyed three guerrilla bases and killed 170 Arab commandoes.

Earlier today an Israeli army spokesman said machine-gun bursts were fired at two Israel army jeeps and a command car near the occupied city of Gaza. He added there were no casualties.

project without violating the law concerning public highway construction outside the state.

—:—

A TOP STATE highway engineer, asked about a possible time table for planning and construction, pointed to the preparation of replacement of the Silver Bridge which collapsed at Point Pleasant Dec. 15.

The federal government has approved funds for preliminary planning for the project which could be completed in August 1969. However, plans for a similar structure will be used by the contractor so that a whole set of new plans do not have to be prepared, he said.

As for the replacement of the Chester Bridge, "it depends upon cooperation." But he seemed to cast doubt on any new span over the river here before 1971.

A spokesman for the West Virginia Road Commission said yesterday Ohio owns the bridge and the replacement "is basically their problem."

—:—

QUESTIONED this morning at Charleston, road commission officials said they will have to see a copy of the consulting engineers report before making any formal comment.

Carter McDavid, public information aide, said, "So far, we've merely talked on the phone with some people in Ohio." State Road Commissioner M. R. (Cy) Hamill was reported to be in conference and unable to speak to newsmen.

The engineer at Columbus, asked "How safe is the bridge?" replied, "It is safe for the 5,000-pound load limit."

He said the bridge, however, will have "constant" maintenance and inspection. He said weekly inspections are planned.

The Modjeski and Masters engineering firm, which did the in-depth inspection and recommended the replacement, also recommended minor repairs be made and frequent inspections be undertaken.

Reaction of most East Liverpool authorities and businessmen was to seek some means of expediting planning for the bridge's replacement.

Davis Files Plea Of 'Not Guilty'

Charles (Bucky) Davis, one of seven Ohioans and a Wheeling woman indicted for transporting women across state lines for prostitution purposes, has pleaded not guilty before a federal commissioner.

Davis, 25, who has given addresses on Ohio Ave. and in Newell, was arraigned before a federal commissioner at Cleveland Wednesday and released under $2,500 bond.

Others indicted by a federal grand jury March 8 were Clair Cunningham, 58, and his son, David Cunningham, 19, of 112 E. 2nd St. Wesley Gillespie, 19, of 506 E. 5th St.; Mike Scarpasi, 35, of Youngstown; Robert Foster, 43, and Howard DeHaven, 53, both of Akron, and Florence Rottenstein, 59, of Wheeling.

Federal authorities said no dates have been set for the arraignment of the men.

All are accused of transporting two women from Warren to Wheeling for "purposes of prostitution."

The preliminary hearing scheduled for the Rottenstein woman has been continued until April 19, FBI agents at Wheeling said today.

James R. Hickman, 24, of East Liverpool was towing a car owned by Leola Hickman of 1941 Ridge Ave. when the accident occurred at Ave. I and Tell St.

Hickman told police that when he approached the intersection he applied the brakes of his truck, but the vehicle was unable to hold the car back and both vehicles jackknifed. Damage was moderate.

Vietnam

although operational reports had not yet reached Saigon.

The Lubbock, Tex., Advance-Journal reported that the Pentagon had notified the parents of Capt. Dennis L. Graham, 26, Mr. and Mrs. C. M. Graham, that he was one of the two crewmen aboard the missing plane.

Word of the loss of the plane came out in a terse announcement from the headquarters of Gen. William C. Westmoreland: "An F111A has been declared overdue on a mission. For security reasons, no other details will be made available at this time."

Since their arrival the F111s have been assigned secondary targets in the southern panhandle rather than in the heartland where the enemy's defenses are much tougher.

Pilots are likely to face less antiaircraft fire, surface-to-air missiles and MIG interceptors in the panhandle. The idea was to break the F111s in gradually on the lesser targets.

Elsewhere, North Vietnamese gunners shot down another U.S. helicopter at Khe Sanh. A Marine CH46 Seaknight was downed by enemy automatic weapons fire a mile southeast of Hill 881, one of the strongpoints that flanks the main combat base.

The crew, believed to be four men, was rescued. There were no passengers reported aboard the helicopter. The helicopter was reported heavily damaged.

Enemy gunners pumped fewer than 200 rounds of artillery, mortars and rockets into the Khe Sanh combat base Thursday. U.S. casualties were said to be light.

In other developments, the U.S. Command reported that 57 Viet Cong soldiers had been killed in an eight-hour battle Thursday near Trang Bang about 30 miles northwest of Saigon.

Troops of the U.S. 11th Cavalry Regiment and South Vietnamese rangers and infantrymen battled an enemy force estimated at 400 men and called in support from tanks, dive bombers and helicopter gunships.

Two U.S. soldiers and 15 South Vietnamese were reported killed.

The action was part of the Quyet Thang—Resolved to Win—offensive, which was launched in five provinces around Saigon by 50,000 U.S. and South Vietnamese troops 19 days ago.

Enemy losses in the operation so far have been reported at 2,046, compared with 76 Americans killed and 631 wounded.

While attention was focused on the F111, U.S. pilots flew a total of 114 missions over North Vietnam Thursday, the largest number since March 20 when 119 strikes took place.

Key missions included a raid by Air Force F4 Phantoms on Phuc Yen airfield, 18 miles northwest of Hanoi. It is North Vietnam's major MIG base and has a 9,200-foot runway.

Pilots reported that surface-to-air missiles were fired at them and that they spotted two airborne MIGs, but the enemy jets did not tangle with them.

A spokesman said the MIGs may have taken off from Phuc Yen just before the strike to avoid being caught on the ground. Because of overcast skies, there was no damage assessment.

Navy all-weather A6 Intruders from the nuclear-powered carrier Enterprise pounded the Cat Bi airfield four miles southeast of Haiphong and the Hoi Doi military barracks 22 miles south-southwest of Haiphong.

Other Navy warplanes raked a total of 115 southbound enemy trucks in the panhandle.

In ground action, Viet Cong troops ambushed two companies of South Vietnamese rangers on patrol deep in the Mekong Delta 130 miles south of Saigon.

The rangers suffered 22 dead and 18 wounded, unofficial field reports said. South Vietnamese headquarters said 30 enemy were killed.

In Vientiane, Laos, three North Vietnamese sailors, captured by the U.S. Navy in the Tonkin Gulf in 1966, were set free and turned over to Hanoi authorities.

A U.S. spokesman said the release of the senior lieutenant and two corporals was in response to North Vietnam's releasing three American pilots last month. He expressed the hope that this would lead to the release of more prisoners by both sides.

Carolina Authorities Pick Up Man At Jail

LISBON — North Carolina authorities came to the County Jail here Thursday to return Bobby T. Story, 23, of Kannapolis, N.C., to Mt. Pleasant to answer a charge of "escape from confinement."

Sheriff Russell J. Van Fossan said Story was apprehended by Wellsville police on an unlawful flight warrant. Story appeared in Common Pleas Court Wednesday and told Judge Raymond S. Buzzard he would go back to North Carolina without extradition proceedings.

The War of the Roses lasted for 30 years, 1455-85.

'Won't Return To Seller's Market'

Lobb Cites 'Test' Faced By Steel

PITTSBURGH, Pa. — "The specialty steel industry will not return to a seller's market in our lifetime," John C. Lobb, president of the Crucible Steel Co., told the Pittsburgh chapter of the American Marketing Association Thursday.

"We are in a marketing economy," he said, "and we have to give better products, better service and better value for the money. How we do this, in view of new wage demands, will be the real test of management in the next 10 years."

—:—

LOBB MADE his remarks at the A.M.A.'s monthly luncheon meeting in the Press Club. The theme of this year's Pittsburgh chapter meetings is "Dialogues in Marketing."

Unless more economic information is given to the market-companies, there cannot be an adequate return on investment, which means there could be "a government - owned steel industry in the next 10 years," Lobb warned. "The financial facts of life of a corporation—what is profitable, what isn't, and why — cannot be the secrets of top management," he stated.

Lobb expressed puzzlement at the current attitude on imports, calling them "no new phenomenon." He cited several industries where foreign competition has been growing and said, "The fact is, an international world market exists today for all products. In every industry, including steel, we have to pick those markets where we can outperform the Japanese and the Europeans and go after it."

—:—

LOBB scored his industry's penchant for adding steelmaking capacity "without regard for over - capacity worldwide." The duplication in production facilities is seen in other industries; for example, electronics, "where 32 companies are competing for an integrated circuit market that will support less than half of them."

Lobb pointed out that steel's poor return on investment means new capacity must be suspect since the total market is "inelastic." Unlike consumer demands, "you can't induce a lot of people to give each other a ton of steel for Valentine's Day."

In line with his announced topic, "Some Impressions of Marketing Trends in the Specialty Steel Industry," Lobb told a capacity audience that distributors will account for even greater sales of steel and other metals in the future.

"The combination of market knowledge, professional sales training approach and fabrication makes it inevitable that they will control more and more of the market," he said.

Youth Faces Court After Police Chase

An Ohioville borough youth is in Midland jail awaiting arraignment tonight at 7 on numerous traffic violations.

He was arrested following a chase which ended when police trapped him in a dead - end street at Midcrest Thursday night.

Ohioans Spend Less On Schools, Educator Says

CINCINNATI (AP) — Ohioans spend a lower percentage of their income — 3.2 per cent — on public schools than people in any other state, a national education leader said here Thursday.

"The only reason we (Ohio) get by as well as we do is because Ohio is a wealthy state," said Dr. Ronald F. Campbell, dean of the University of Chicago Graduate School of Education.

Citing recently released statistics, Campbell said the national average support for elementary and secondary schools is 4.7 per cent of a person's income.

Campbell heads the policy committee for the Cincinnati School Survey and he hinted that "we're going to have to insist on more state and federal assistance here."

Lobb Cites 'Test' Faced By Steel

PITTSBURGH, Pa. — "The specialty steel industry will not return to a seller's market in our lifetime," John C. Lobb, president of the Crucible Steel Co., told the Pittsburgh chapter of the American Marketing Association Thursday.

"We are in a marketing economy," he said, "and we have to give better products, better service and better value for the money. How we do this, in view of new wage demands, will be the real test of management in the next 10 years."

—:—

LOBB MADE his remarks at the A.M.A.'s monthly luncheon meeting in the Press Club. The theme of this year's Pittsburgh chapter meetings is "Dialogues in Marketing."

Unless more economic information is given to the market-companies, there cannot be an adequate return on investment, which means there could be "a government - owned steel industry in the next 10 years," Lobb warned. "The financial facts of life of a corporation—what is profitable, what isn't, and why — cannot be the secrets of top management," he stated.

Lobb expressed puzzlement at the current atttude on imports, calling them "no new phenomenon." He cited several industries where foreign competition has been growing and said, "The fact is, an international world market exists today for all products. In every industry, including steel, we have to pick those markets where we can outperform the Japanese and the Europeans and go after it."

—:—

LOBB scored his industry's penchant for adding steelmaking capacity "without regard for over - capacity worldwide." The duplication in production facilities is seen in other industries; for example, electronics, "where 32 companies are competing for an integrated circuit market that will support less than half of them."

Lobb pointed out that steel's poor return on investment means new capacity must be suspect since the total market is "inelastic." Unlike consumer demands, "you can't induce a lot of people to give each other a ton of steel for Valentine's Day."

In line with his announced topic, "Some Impressions of Marketing Trends in the Specialty Steel Industry," Lobb told a capacity audience that distributors will account for even greater sales of steel and other metals in the future.

"The combination of market knowledge, professional sales training approach and fabrication makes it inevitable that they will control more and more of the market," he said.

Ohioans Spend Less On Schools, Educator Says

CINCINNATI (AP) — Ohioans spend a lower percentage of their income — 3.2 per cent — on public schools than people in any other state, a national education leader said here Thursday.

"The only reason we (Ohio) get by as well as we do is because Ohio is a wealthy state," said Dr. Ronald F. Campbell, dean of the University of Chicago Graduate School of Education.

Citing recently released statistics, Campbell said the national average support for elementary and secondary schools is 4.7 per cent of a person's income.

Campbell heads the policy committee for the Cincinnati School Survey and he hinted that "we're going to have to insist on more state and federal assistance here."

Inmates Stage Melee At Cincinnati Jail

CINCINNATI (AP)— About 70 prisoners shattered windows and ripped out plumbing at the city workhouse Thursday in a melee that erupted during a noon meal and caused between $500 and $1,000 damage.

The prisoners also set mattresses afire but were brought under control by workhouse guards and 37 policemen shortly after the outbreak and were returned to their cells. No injuries were reported.

Police are investigating today the disturbance that started after the prisoners refused to eat. Workhouse Supt. George Studt claimed the prisoners didn't like it, that's all."

Studt said he felt the outbreak was "an organized thing."

The workhouse was the scene of a riot last summer.

Faces French Opposition

Monetary Parley Opens

STOCKHOLM (AP) — The finance ministers of 10 major industrialized nations, including the United States, opened a crucial international monetary conference today after a melee between club-swinging police and 150 anti-Vietnam war demonstrators.

The ministers faced the threat of firm opposition to their plans from France.

Violence broke out as U.S. Treasury Secretary Henry H. Fowler arrived at the conference hall. The young demonstrators shouted "USA—Murderers" and other slogans and burned a large placard in the form of a dollar bill. At least a dozen were arrested as they resisted police efforts to push them back into a side street.

The conference was called to take the final step-in creation of a new monetary unit for use in international trade to supplement the principal monetary units now normally used—gold, dollars and pounds sterling.

The new unit—called SDRs, or special drawing rights on the International Monetary Fund, and nicknamed "paper gold"—would increase the amount of international credit available to finance trade among nations and, it is hoped, promote a more rapid expansion of world trade.

Advocates of SDRs say the new monetary unit is needed because the amounts of gold and hard currencies available are not sufficient to finance the volume of international trade now possible.

French Finance Minister Michel Debre said on his arrival in Stockholm Thursday that he did not oppose issuance of "paper gold" and that it might be useful in the future.

But he indicated that he would insist that final agreement on SDRs be put off until U.S. international payments are in balance.

Fowler and William McChesney Martin Jr., chairman of the U.S. Federal Reserve System, are representing the United States.

Besides the United States and France, the participants are Britain, West Germany, Italy, Japan, Canada, Belgium, the Netherlands and Sweden. Switzerland has sent an observer.

Italy's minister of economics, Emilio Colombo, said he favored immediate issuance of SDRs.

"The United States must, of course, strengthen its balance of payments, but that is a gradual process which is not directly related to the introduction of the SDR system."

Roy Jenkins, British chancellor of the exchequer, asked whether issuance of SDRs would help the U.S. war effort in Vietnam, replied that the proposed new system would have "much wider implications than that."

"It is a question of upholding an efficiently functioning international payments system," he said, "and this far exceeds any American policies that may concern the rest of the world."

Pastor Hits Charge He Made Immoral Advances To Pupils

NEWTON FALLS, Ohio (AP) — A Baptist minister denied at a public hearing Thursday he had made immoral advances to fourth grade pupils in his elementary school class here.

The Rev. Raymond R. Franklin, pastor of the Newton Falls Baptist Church, answered the charges at a hearing before the Newton Falls Village Board of Education. He also denied making advances toward a Ravenna housewife.

The board, which filed the charges, suspended Franklin Feb. 8 and later revoked his contract.

After his suspension, he demanded a public hearing before the board.

Several children from Arlington School, where the minister was in charge of a fourth grade class of 22 pupils, testified that Franklin had made improper advances to them.

Mary Woolard, 45, Ravenna, said Franklin came to her home in April, 1967, and twice grabbed at her after she had gone upstairs to answer a telephone.

The Rev. Wade O. Skinner, pastor of the Salem Baptist Church, testified that on the day in question in 1967 he and Franklin were working at the Newton Falls church.

Russell White, president of the Newton Falls Classroom Teachers Association, said he was part of a special committee set up by the school board to investigate the charges.

He said that after more than a day of questioning students and parents, the committee concluded there was insufficient evidence and that The Rev. Franklin should be returned to his classroom.

Donald R. Sexton, school board president, said the board will probably decide in two to three weeks whether to rescind its dismissal.

Injunction Issued In UAW Dues Dispute

CINCINNATI (AP) — Three members of United Auto Workers Local 647 claimed Thursday an additional union fee was illegal and a judge issued a temporary injunction to keep the local from collecting it.

The men charged the local did not represent them at a national UAW convention last Oct. 8 that decided to increase fees.

Judge Gilbert Bettman of Hamilton County Common Pleas Court granted the order to the men, who said they were seeking it on behalf of 2,000 of 3,000 UAW workers at the Evendale plant of General Electric Co.

Faces French Opposition

Monetary Parley Opens

STOCKHOLM (AP) — The finance ministers of 10 major industrialized nations, including the United States, opened a crucial international monetary conference today after a melee between club-swinging police and 150 anti-Vietnam war demonstrators.

The ministers faced the threat of firm opposition to their plans from France.

Violence broke out as U.S. Treasury Secretary Henry H. Fowler arrived at the conference hall. The young demonstrators shouted "USA—Murderers" and other slogans and burned a large placard in the form of a dollar bill. At least a dozen were arrested as they resisted police efforts to push them back into a side street.

The conference was called to take the final step-in creation of a new monetary unit for use in international trade to supplement the principal monetary units now normally used—gold, dollars and pounds sterling.

The new unit—called SDRs, or special drawing rights on the International Monetary Fund, and nicknamed "paper gold"—would increase the amount of international credit available to finance trade among nations and, it is hoped, promote a more rapid expansion of world trade.

Advocates of SDRs say the new monetary unit is needed because the amounts of gold and hard currencies available are not sufficient to finance the volume of international trade now possible.

French Finance Minister Michel Debre said on his arrival in Stockholm Thursday that he did not oppose issuance of "paper gold" and that it might be useful in the future.

But he indicated that he would insist that final agreement on SDRs be put off until U.S. international payments are in balance.

Fowler and William McChesney Martin Jr., chairman of the U.S. Federal Reserve System, are representing the United States.

Besides the United States and France, the participants are Britain, West Germany, Italy, Japan, Canada, Belgium, the Netherlands and Sweden. Switzerland has sent an observer.

Italy's minister of economics, Emilio Colombo, said he favored immediate issuance of SDRs.

"The United States must, of course, strengthen its balance of payments, but that is a gradual process which is not directly related to the introduction of the SDR system."

Roy Jenkins, British chancellor of the exchequer, asked whether issuance of SDRs would help the U.S. war effort in Vietnam, replied that the proposed new system would have "much wider implications than that."

"It is a question of upholding an efficiently functioning international payments system," he said, "and this far exceeds any American policies that may concern the rest of the world."

Pastor Hits Charge He Made Immoral Advances To Pupils

NEWTON FALLS, Ohio (AP) — A Baptist minister denied at a public hearing Thursday he had made immoral advances to fourth grade pupils in his elementary school class here.

The Rev. Raymond R. Franklin, pastor of the Newton Falls Baptist Church, answered the charges at a hearing before the Newton Falls Village Board of Education. He also denied making advances toward a Ravenna housewife.

The board, which filed the charges, suspended Franklin Feb. 8 and later revoked his contract.

After his suspension, he demanded a public hearing before the board.

Several children from Arlington School, where the minister was in charge of a fourth grade class of 22 pupils, testified that Franklin had made improper advances to them.

Mary Woolard, 45, Ravenna, said Franklin came to her home in April, 1967, and twice grabbed at her after she had gone upstairs to answer a telephone.

The Rev. Wade O. Skinner, pastor of the Salem Baptist Church, testified that on the day in question in 1967 he and Franklin were working at the Newton Falls church.

Russell White, president of the Newton Falls Classroom Teachers Association, said he was part of a special committee set up by the school board to investigate the charges.

He said that after more than a day of questioning students and parents, the committee concluded there was insufficient evidence and that The Rev. Franklin should be returned to his classroom.

Donald R. Sexton, school board president, said the board will probably decide in two to three weeks whether to rescind its dismissal.

In Session Monday

Many Proposals To Face Council

At least nine pieces of new legislation will confront City Council at its first April meeting Monday night, providing the busiest agenda in many months.

Two resolutions will help clear the way for expansion of the metered parking lot on W. 6th St., opposite City Hall, by using property donated to the city last winter by W. Leland Thompson of Park Blvd.

—:—

ONE resolution will authorize the administration to call for bids on razing the vacant buildings now occupying the property — structures formerly utilized by the Michels' Barber Shop, Nationwide Insurance Agency and Weston's Meat Market. The other resolution will authorize the administration to advertise for bids and sign a contract for blacktop paving of the new parking area. The donated property lies immediately to the east of a tract that has been used for metered parking for many years. The two will be combined into a single parking area.

Another resolution will authorize Safety - Service Director Robert E. Vodrey and Fire Chief Alfred Van Dyne to sign mutual aid fire protection agreements with "each and all" of the fire departments in Columbiana County.

The question of mutual aid agreements rose after a $900,000 business district fire here on March 3. It was discovered that East Liverpool had such an agreement only with Wellsville.

—:—

TWO MORE ordinances will be presented to clarify the language in legislation setting up the annual vacation schedules of members of the fire department and other city employes. The fire department's vacation agreement will provide: 1-5 years' service, 15 days; 5-15 years' service, 22 days, and over 15 years, 29 days.

It will provide for an additional day off if the vacation time includes any one of these holidays: New Years, July Fourth, Labor Day or Christmas. In addition, firemen would be authorized an additional vacation day for call - backs while off duty.

Another ordinance lists all the officials holidays for city employes: New Year's Day, Washington's Birthday, Memorial Day, July Fourth, Labor Day, Veterans Day, Thanksgiving and Christmas. Solicitor J. Michael Kapp explained the holidays previously were designated as parts of several pieces of legislation. The change simply lists all the holidays in one ordinance.

—:—

THE ORDINANCE on vacations for city employes, other than members of the police and fire departments, call for: 1-5 years, two weeks; 5-15 years, three weeks, and 15 years or more, four weeks. It provides that the workers shall receive their usual monthly or hourly rates during vacation, including longevity pay.

Council also will consider an ordinance requiring that all motor vehicles must be equipped with "a functioning air filter or air cleaner on the carburetor."

City firemen have blamed the lack of air filters and cleaners for a rash of auto fires touched off by carburetor backfires.

The ordinance would provide a fine of up to $50 for a first offense. The second offense within a year would leave the defendant liable to a fine of not less than $10 or more than $100 and up to 10 days in jail. A third offense in the same year would call for a fine of $25 to $200 and a jail term of up to 30 days.

—:—

COUNCIL also is slated to consider:

An ordinance allowing the municipality to reimburse City Engineer George S. Bloomgren for part of the overhead costs of his office when it is working on city projects.

A resolution authorizing Mayor George E. Willshaw to sign an agreement recognizing Local 677, American Federation of State, County and Municipal Employes, as bargaining agent for city employes included in its membership.

The pact also covers other phases of a working agreement drafted by the employes and Council, including grievance procedure.

THOUGHTFUL, Luci Nugent, daughter of President and Mrs. Johnson, arrives at a state dinner at the White House in honor of visiting Paraguay President Alfredo Stroessner.

Offer Of $3,450 Seen Lowest On Police Cruisers

Mayor George E. Willshaw and Safety - Service Director Robert E. Vodrey received an apparent low bid of $3,450 Thursday afternoon on purchase of two four-door sedans for use as police cruisers.

The bid, one of four submitted, was filed by M. & A. Motors of Broadway for a pair of Dodge sedans. The firm's gross bid was $5,200, less a $1,750 trade-in for two 1967 model Chevrolet sedans now used as cruisers.

East Liverpool Central Service of W. 7th St. offered two 1968 Plymouth Fury sedans at $3,480, including the trade - ins. Larger engines could be furnished in each car for an additional $100, it said.

Litten Motor Sales bid $4,185 net on two Oldsmobile Delmont 88 sedans. The gross price was $5,585.50, less $1,400 in trade for the two old cruisers.

Tad Pontiac Sales of Pennsylvania Ave. offered two 1968 four-door sedans for $5,322.44, less a $1,000 trade-in, for a net price of $4,322.44.

The mayor and director, comprising the Board of Control, took the offers under advisement. Council appropriated more than $5,000 several months ago to cover the cost of the autos.

Seniors Offered Army Enlistment For Select Posts

High school seniors interested in fulfilling their military obligation by joining the Army upon graduation may now avoid the June rush and be assured the training of their choice before enlistment, according to Sgt. Robert Dusock, local Army Recruiter.

Under the Army's preprocessing program, Sgt. Dusock stated, applicants may be tested prior to graduation to determine their aptitudes. If qualified, individuals may select their own training and receive a written guarantee that, following basic training, they will be trained in that field.

Purpose of this program is to allow interested men to select the training of their choice while a variety of openings are still available. Men who wait until June, Sgt. Duxock explained, sometimes find that the high enlistment rate which follows graduation quickly absorbs many of the desirable openings.

The tests include a physical examination; the Armed Forces Qualification Test, and the Army Qualification Battery, which measures your aptitude in such fields as motor maintenance, precision maintenance, electronics and administrative skills.

Interested high school seniors may make appointments to be tested through their high school guidance counselors or at the local recruiting station located at the East Liverpool Post Office.

In Santoriello Trial

Defense Begins In Red Dog Case

WHEELING — The trial of Joseph E. Santoriello, the first of four Red Dog gambling cases to be heard in Federal Court here, is expected to wind up today.

The government rested its case Thursday and defense attorneys began their presentation today, with 12 expected to be called to the stand.

Santoriello is accused of traveling interstate in order to further gambling at the Red Dog casino in Hancock County. Defense attorneys claim Santoriello was not an employe of the Red Dog as alleged by the government.

—:—

SAMUEL REICH of Pittsburgh, one of two defense attorneys, announced he will call character witnesses and have Santoriello himself testify. Reich described the defendant as "a law-abiding citizen" and said he was a "victim of circumstances."

Five other men also arrested as the result of the Nov. 5 raid by Internal Revenue Service agents are to go on trial in the same court next week.

The trial of James Beck, also accused of interstate traveling, is to begin at 1:30 p. m. Monday.

Beck is the brother of Donald B. Beck who two weeks ago was convicted on four counts of interstate traveling. Donald Beck was arrested in a simultaneous raid on the Lantern Inn in Hancock County.

Among those called to testify in the Santoriello trial Thursday were IRS agents W. M. Rothgeb and Edward Jackfert. Rothgeb testified he saw Santoriello in the Red Dog at least six times and said he considered the Pittsburgh man "an overseer of some type."

—:—

ROTHGEB also said he once saw Santoriello "pick up a box at Willie Reuther's blackjack table" and carry it to the cashier's cage. Reuther is a Wheeling man.

Jackfert, the IRS agent who headed the probe into the gambling cases and directed the Nov. 5 raid, testified that in 1964 one of the co - owners of the Red Dog was informed by letter that interstate traveling for gambling purposes was a violation of federal law.

Jackfert said he was told that Alfred King of the Justice Department's Organized Crime Division sent the warning letter to Joseph N. Pecora. Pecora is one of the five scheduled to be tried next week.

The government's case is being handled by William Hyatt, also of the Organized Crime Division. Atty. Arthur M. Recht of Wheeling is assisting Reich in the defense.

Many Proposals To Face Council

At least nine pieces of new legislation will confront City Council at its first April meeting Monday night, providing the busiest agenda in many months.

Two resolutions will help clear the way for expansion of the metered parking lot on W. 6th St., opposite City Hall, by using property donated to the city last winter by W. Leland Thompson of Park Blvd.

—:—

ONE resolution will authorize the administration to call for bids on razing the vacant buildings now occupying the property — structures formerly utilized by the Michels' Barber Shop, Nationwide Insurance Agency and Weston's Meat Market. The other resolution will authorize the administration to advertise for bids and sign a contract for blacktop paving of the new parking area. The donated property lies immediately to the east of a tract that has been used for metered parking for many years. The two will be combined into a single parking area.

Another resolution will authorize Safety - Service Director Robert E. Vodrey and Fire Chief Alfred Van Dyne to sign mutual aid fire protection agreements with "each and all" of the fire departments in Columbiana County.

The question of mutual aid agreements rose after a $900,000 business district fire here on March 3. It was discovered that East Liverpool had such an agreement only with Wellsville.

—:—

TWO MORE ordinances will be presented to clarify the language in legislation setting up the annual vacation schedules of members of the fire department and other city employes. The fire department's vacation agreement will provide: 1-5 years' service, 15 days; 5-15 years' service, 22 days, and over 15 years, 29 days.

It will provide for an additional day off if the vacation time includes any one of these holidays: New Years, July Fourth, Labor Day or Christmas. In addition, firemen would be authorized an additional vacation day for call - backs while off duty.

Another ordinance lists all the officials holidays for city employes: New Year's Day, Washington's Birthday, Memorial Day, July Fourth, Labor Day, Veterans Day, Thanksgiving and Christmas. Solicitor J. Michael Kapp explained the holidays previously were designated as parts of several pieces of legislation. The change simply lists all the holidays in one ordinance.

—:—

THE ORDINANCE on vacations for city employes, other than members of the police and fire departments, call for: 1-5 years, two weeks; 5-15 years, three weeks, and 15 years or more, four weeks. It provides that the workers shall receive their usual monthly or hourly rates during vacation, including longevity pay.

Council also will consider an ordinance requiring that all motor vehicles must be equipped with "a functioning air filter or air cleaner on the carburetor."

City firemen have blamed the lack of air filters and cleaners for a rash of auto fires touched off by carburetor backfires.

The ordinance would provide a fine of up to $50 for a first offense. The second offense within a year would leave the defendant liable to a fine of not less than $10 or more than $100 and up to 10 days in jail. A third offense in the same year would call for a fine of $25 to $200 and a jail term of up to 30 days.

—:—

COUNCIL also is slated to consider:

An ordinance allowing the municipality to reimburse City Engineer George S. Bloomgren for part of the overhead costs of his office when it is working on city projects.

A resolution authorizing Mayor George E. Willshaw to sign an agreement recognizing Local 677, American Federation of State, County and Municipal Employes, as bargaining agent for city employes included in its membership.

The pact also covers other phases of a working agreement drafted by the employes and Council, including grievance procedure.

Seniors Offered Army Enlistment For Select Posts

High school seniors interested in fulfilling their military obligation by joining the Army upon graduation may now avoid the June rush and be assured the training of their choice before enlistment, according to Sgt. Robert Dusock, local Army Recruiter.

Under the Army's preprocessing program, Sgt. Dusock stated, applicants may be tested prior to graduation to determine their aptitudes. If qualified, individuals may select their own training and receive a written guarantee that, following basic training, they will be trained in that field.

Purpose of this program is to allow interested men to select the training of their choice while a variety of openings are still available. Men who wait until June, Sgt. Duxock explained, sometimes find that the high enlistment rate which follows graduation quickly absorbs many of the desirable openings.

The tests include a physical examination; the Armed Forces Qualification Test, and the Army Qualification Battery, which measures your aptitude in such fields as motor maintenance, precision maintenance, electronics and administrative skills.

Interested high school seniors may make appointments to be tested through their high school guidance counselors or at the local recruiting station located at the East Liverpool Post Office.

Offer Of $3,450 Seen Lowest On Police Cruisers

Mayor George E. Willshaw and Safety - Service Director Robert E. Vodrey received an apparent low bid of $3,450 Thursday afternoon on purchase of two four-door sedans for use as police cruisers.

The bid, one of four submitted, was filed by M. & A. Motors of Broadway for a pair of Dodge sedans. The firm's gross bid was $5,200, less a $1,750 trade-in for two 1967 model Chevrolet sedans now used as cruisers.

East Liverpool Central Service of W. 7th St. offered two 1968 Plymouth Fury sedans at $3,480, including the trade - ins. Larger engines could be furnished in each car for an additional $100, it said.

Litten Motor Sales bid $4,185 net on two Oldsmobile Delmont 88 sedans. The gross price was $5,585.50, less $1,400 in trade for the two old cruisers.

Tad Pontiac Sales of Pennsylvania Ave. offered two 1968 four-door sedans for $5,322.44, less a $1,000 trade-in, for a net price of $4,322.44.

The mayor and director, comprising the Board of Control, took the offers under advisement. Council appropriated more than $5,000 several months ago to cover the cost of the autos.

In Santoriello Trial

Defense Begins In Red Dog Case

WHEELING — The trial of Joseph E. Santoriello, the first of four Red Dog gambling cases to be heard in Federal Court here, is expected to wind up today.

The government rested its case Thursday and defense attorneys began their presentation today, with 12 expected to be called to the stand.

Santoriello is accused of traveling interstate in order to further gambling at the Red Dog casino in Hancock County. Defense attorneys claim Santoriello was not an employe of the Red Dog as alleged by the government.

—:—

SAMUEL REICH of Pittsburgh, one of two defense attorneys, announced he will call character witnesses and have Santoriello himself testify. Reich described the defendant as "a law-abiding citizen" and said he was a "victim of circumstances."

Five other men also arrested as the result of the Nov. 5 raid by Internal Revenue Service agents are to go on trial in the same court next week.

The trial of James Beck, also accused of interstate traveling, is to begin at 1:30 p. m. Monday.

Beck is the brother of Donald B. Beck who two weeks ago was convicted on four counts of interstate traveling. Donald Beck was arrested in a simultaneous raid on the Lantern Inn in Hancock County.

Among those called to testify in the Santoriello trial Thursday were IRS agents W. M. Rothgeb and Edward Jackfert. Rothgeb testified he saw Santoriello in the Red Dog at least six times and said he considered the Pittsburgh man "an overseer of some type."

—:—

ROTHGEB also said he once saw Santoriello "pick up a box at Willie Reuther's blackjack table" and carry it to the cashier's cage. Reuther is a Wheeling man.

Jackfert, the IRS agent who headed the probe into the gambling cases and directed the Nov. 5 raid, testified that in 1964 one of the co - owners of the Red Dog was informed by letter that interstate traveling for gambling purposes was a violation of federal law.

Jackfert said he was told that Alfred King of the Justice Department's Organized Crime Division sent the warning letter to Joseph N. Pecora. Pecora is one of the five scheduled to be tried next week.

The government's case is being handled by William Hyatt, also of the Organized Crime Division. Atty. Arthur M. Recht of Wheeling is assisting Reich in the defense.

Wellsville Group To Enter Works In Art Exhibit

Competing for 10 ribbons (merit awards) will be high school sophomores, juniors and seniors from northeastern Ohio and northwestern West Virginia.

The work must be original, but need not have been done in school or in connection with school, it was explained. Each school is limited to 10 entries and two entries per person.

The exhibit will be in the art gallery at 1528 Market St., Wheeling, and will be open to the public Monday through Saturday from 12 to 4 p.m., Sunday from 2 to 5 p.m. and Monday and Wednesday evenings from 7 to 9 p.m.

8 Arrested In Raids On Gambling Places

DETROIT (AP) — Eight persons were arrested Thursday night in a series of 11 raids of alleged gambling places in Detroit; Monroe, Mich., and Toledo, Ohio, U.S. Dist. Atty. Lawrence Gubow of Detroit said.

He said cash, bet slips, and the usual gambling paraphernalia were seized in addition to a submachine gun in Detroit and alleged counterfeit postage stamps in Toledo.

The raid was the first of a federal task force investigating organized crime, Gubow said.

The eight persons were charged with interstate travel in aid of racketeering and conspiracy, which carries a penalty of five years in jail or a $10,000 fine, he said.

Blind Can Do Many Tasks, Speaker Tells Kiwanis Club

"Blind people can do more than most people realize," Kiwanis Club members were told by a representative of a Braille publishing firm Thursday.

Royal Percy of the Christian Record Braille Co. and Leslie Orrin, 74-year-old deaf and blind resident of the Ohio Home for the Blind and Deaf at Westerville, presented a program for the club at the Travelers Hotel.

—:—

PERCY said there are more than 18 million blind people in the world — one-third of them in the United States and 20,000 in Ohio.

"An enlightened sighted public" is a real need for the blind, according to Percy, who said there are many jobs which the sightless can do and which should be offered them.

One man constructed his own home, needing assistance only in having the foundation laid plumb. After the foundation was laid, he was able to build the rest of he building straight with the "3-4-5" plan — use of Pythagoras triangle theory.

Percy said his duties with the firm are to raise funds for producing books and records, since the blind get most of the services without charge. He also visit the sightless to learn if they need assistance, and he also reads books aloud onto tape recordings for a law student who is blind.

Orrin, who weaves rugs and canes chairs at the institution where he has lived 29 years, typed out sections of the Braille Bible which he read with his fingers.

—:—

HE ALSO conversed with Ed Maloney, program chairman, who spelled out his questions by touching letters of the alphabet sewn onto a glove on Orrin's hand.

Percy conversed with Orrin by way of a contact finger language.

The program was concluded with Orrin's spelling the Lord's Prayer in sign language.

Prior to the program, Maloney commended John Eiferd for his community and church assistance, and the club gave Eiferd a standing ovation.

Council May Act On Fund Matter In Extra Session

Council is scheduled to act on the annual appropriation ordinance in a special session tonight at 7 — provided the lengthy legislation has been prepared in final form by that time.

Solicitor J. Michael Kapp said the legislation will be presented at the regular session Monday night if it is not drafted in time for tonight's meeting. He still has not received the final draft of the legislation, which must be typewritten and then copied before it is ready for Council's study.

Preparation of the ordinance was delayed while city officials conferred with county officials on a question whether $86,000 in new revenue expected from a boost in the city income tax could be included in the appropriations or whether the city must wait until the funds actually have been collected.

The question still is unresolved, although the city has indicated it contemplates a "friendly suit" in order to obtain a court ruling on points of law involved.

Blind Can Do Many Tasks, Speaker Tells Kiwanis Club

"Blind people can do more than most people realize," Kiwanis Club members were told by a representative of a Braille publishing firm Thursday.

Royal Percy of the Christian Record Braille Co. and Leslie Orrin, 74-year-old deaf and blind resident of the Ohio Home for the Blind and Deaf at Westerville, presented a program for the club at the Travelers Hotel.

—:—

PERCY said there are more than 18 million blind people in the world — one-third of them in the United States and 20,000 in Ohio.

"An enlightened sighted public" is a real need for the blind, according to Percy, who said there are many jobs which the sightless can do and which should be offered them.

One man constructed his own home, needing assistance only in having the foundation laid plumb. After the foundation was laid, he was able to build the rest of he building straight with the "3-4-5" plan — use of Pythagoras triangle theory.

Percy said his duties with the firm are to raise funds for producing books and records, since the blind get most of the services without charge. He also visit the sightless to learn if they need assistance, and he also reads books aloud onto tape recordings for a law student who is blind.

Orrin, who weaves rugs and canes chairs at the institution where he has lived 29 years, typed out sections of the Braille Bible which he read with his fingers.

—:—

HE ALSO conversed with Ed Maloney, program chairman, who spelled out his questions by touching letters of the alphabet sewn onto a glove on Orrin's hand.

Percy conversed with Orrin by way of a contact finger language.

The program was concluded with Orrin's spelling the Lord's Prayer in sign language.

Prior to the program, Maloney commended John Eiferd for his community and church assistance, and the club gave Eiferd a standing ovation.

Council May Act On Fund Matter In Extra Session

Council is scheduled to act on the annual appropriation ordinance in a special session tonight at 7 — provided the lengthy legislation has been prepared in final form by that time.

Solicitor J. Michael Kapp said the legislation will be presented at the regular session Monday night if it is not drafted in time for tonight's meeting. He still has not received the final draft of the legislation, which must be typewritten and then copied before it is ready for Council's study.

Preparation of the ordinance was delayed while city officials conferred with county officials on a question whether $86,000 in new revenue expected from a boost in the city income tax could be included in the appropriations or whether the city must wait until the funds actually have been collected.

The question still is unresolved, although the city has indicated it contemplates a "friendly suit" in order to obtain a court ruling on points of law involved.

Red Cross Maps Plan For Area Disaster Service

Members of the Area Red Cross Chapter's Disaster Services Committee met Wednesday at the chapter office for a critique of the service given during the March 3 fire on the Diamond and to work out plans for 24-hour emergency disaster coverage of the area.

Christ Pallis, disaster services chairman, praised the volunteers who had worked in the emergency feeding of firemen and Civil Defense workers at the fire. He gave a report on the coffee and food donations received from merchants and nearby fire departments for distribution by the Red Cross volunteers.

The committee decided that immediate emergency service can best be given by organizing 5-member disaster emergency teams in the various sections of the city and in each outlying territory which the chapter serves.

Pallis named the Rev. Charles Haddock as vice chairman of the Disaster Committee to head the team in Newell; Mrs. Eugene Seeley, vice chairman, as captain of the Chester team; Clayton Aughinbaugh, vice chairman for Calcutta, and F. A. Strabley for Salineville and Washington Township.

Team Captains for the four city districts and for Madison, and Liverpool Townships are to be named later, Pallis said.

Each team will be organized to take care of immediate emergencies in their neighborhoods, and to work as part of the entire disaster committee in the event of a large disaster in the area.

Pallis named as his Deputy Chairman for the Disaster Services Committee William Kyle and John Starkey. Also on the committee are Edgar Shingler, survey; Donald Ogilvie, clothing; Thomas Dixon, shelter chairmen; James Riggs, food chairmen, assisted by Mrs. Kenneth Myers, chairman of volunteers in food service; Dr. Edith Gilmore, medical and nursing aid chairman; Mrs. J. E. Monier, chairman for family service, and Mrs. J. D. Thompson, chairman of volunteers.

ANN LANDERS

Husband Labeled 'Heel'

Dear Ann Landers: I was pregnant with my fourth child last week and my husband was out hunting with his buddies.

He knew very well the baby was due any minute and I asked him please not to leave town, but he went anyway. He told me if the labor pains started, to call my brother and ask him to drive me to the hospital and then have my brother call him and he'd head for home immediately.

I informed him that I would be too ashamed to call anybody and to just forget about me — that I probably would drive myself to the hospital. He got mad and yelled, "You must be out of your mind. That would be dangerous, but do as you please."

When the pains started they weren't like the ones I had with my other children — they came very close together and were unusually sharp. I decided to call an ambulance.

For some reason, the pains stopped when I got to the hospital and the baby wasn't born until the following morning. The ambulance bill was $88 and my husband is burned up. He said I called the ambulance just to spite him.

He is deducting the $88 from my allowance. What do you think about this? — HELENA.

-:-

Dear Helena: Your husband is my personal candidate for Mean Man of the Year, Heel Division. And you can tell him I said so.

Friendly Enemies

Dear Ann: My husband and I were married 20 years. We have teenage children. Lloyd is a prominent man in this community and the news of our divorce rocked the two because no one suspected there was a bit of trouble.

The "trouble," by the way, is 14 years younger than I am, is currently trying to get a divorce, and is willing to give up her children.

There's no chance for a reconciliation. I'm not writing for that reason. What I want to know is this: What should my attitude be toward former mutual friends of my husband and myself — people we used to see socially?

Several of these people are trying to play it very cool. They want to remain on good terms with both Lloyd and me.

Since Lloyd is clearly in the wrong, I feel these people are condoning what he did and therefore their morals are as bad as his.

Should I stop seeing them? To my way of thinking, they are either on Lloyd's side or mine. They cannot be impartial. Comment please. — FENCE SITTER.

—:—

Dear Sitter: Accept the friendship of those who offer it — and do so unequivocally. You have no right to demand that your friends stop seeing your husband. A woman who adopts this vindictive attitude deserves to end up alone. And she usually does.

Confidentially

To Out of Words: A man who brags that he has not had a vacation in seven years has very little to be proud of. He is a compulsive worker and a fool. Tell him you're through begging and next summer you're going to visit your family either with him or without him. Also tell him he's stupid to let all that money pile up —for your next husband to enjoy.

Ann Landers will be glad to help you with your problems. Send them to her in care of The Review enclosing a long self-addressed, stamped envelope.

Area Woman Bound Over For Shooting

WELLSBURG — A Wellsburg woman, being held in the Brooke County jail without bond, has been bound over to the June term of the Brooke County grand jury charged with the shooting death of her husband after a preliminary hearing before Squire George Mahan.

Mrs. Rose Robinson, 27, was charged Wednesday in the shooting death of Charles Robinson, 41, of Steubenville, after his body was found in an alley last Friday.

Two witnesses, Edward Stein and Mrs. Maryetta Nichols, testified at the hearing. Stein said he saw the defendant, Mrs. Robinson, enter the alley and about two or three minutes later heard two sounds, similar to fire crackers going off.

He said he ran out of the Silver Dollar Bar and saw Charles Robinson lying on the sidewalk in front of Jimmy's Restaurant, which is about 40 feet from the corner of 6th and Charles Sts.

Mrs. Nichols testified at the hearing that Mrs. Robinson had gone to her home between 9:30 and 10 p. m. on Friday. Mrs. Nichols said she told her she had just come back to town and that her husband, Charles, had found out where she was.

Mrs. Nichols said Robinson told her the shooting occurred at the home of Happy Taylor on 6th St.

She said Robinson told her she was hiding in the kitchen when her husband came. She said Mrs. Robinson told her a struggle broke out between her mother and her husband and that was when she shot her husband.

Dr. John Traubert, county coroner testified to the cause of death. He said an autopsy had been performed at the Wheeling Hospital by Dr. Harry Bauer, pathologist, but that he had not received the official autopsy report.

Court Takes Car Tags As Collateral For Fine

Darrell N. Leak of 827 Lisbon St. today surrendered the license tags from his auto to Municipal Court as surety for payment of 35.50 in fines and costs on a charge he ignored 10 parking tickets.

Leak pleaded guilty to the charge filed by "Meter Maid" Juanita Stoffel, but told Judge Samuel M. Chertoff he could not pay the fine until he collected his pay check from a firm at Salem. The court ordered his release if he left his auto tags as security. Leak complied.

Court Promised $371 Restitution For Jobless Pay

Walter Mallory of 1521 Parkview Circle, Steubenville, today was granted two months' grace by Municipal Judge Samuel M. Chertoff to make restitution of $371 in unemployment compensation benefits which he allegedly claimed fraudulently in 1967.

Mallory pleaded guilty today to the charge filed by Victor DeGeorge, an inspector for the Bureau of Unemployment Compensation, alleging that he "unlawfully and fraudulently" claimed dependency allowances for two children when filing for unemployment compensation in August.

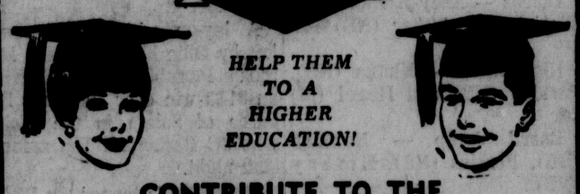

Charles S. Kalby, investigator in charge of the BUC Youngstown district, told the court Mallory has promised to make restitution of the amount claimed by the state. He has promised payments of $75 monthly, Kalby added.

Mallory said he will start restitution when he gets back to his regular employment as a construction worker. He said he is employed now as a taxi driver. The court then continued the case until May 29 and instructed Mallory to appear in court and report on the restitution.

ANN LANDERS

Husband Labeled 'Heel'

Dear Ann Landers: I was pregnant with my fourth child last week and my husband was out hunting with his buddies.

He knew very well the baby was due any minute and I asked him please not to leave town, but he went anyway. He told me if the labor pains started, to call my brother and ask him to drive me to the hospital and then have my brother call him and he'd head for home immediately.

I informed him that I would be too ashamed to call anybody and to just forget about me — that I probably would drive myself to the hospital. He got mad and yelled, "You must be out of your mind. That would be dangerous, but do as you please."

When the pains started they weren't like the ones I had with my other children — they came very close together and were unusually sharp. I decided to call an ambulance.

For some reason, the pains stopped when I got to the hospital and the baby wasn't born until the following morning. The ambulance bill was $88 and my husband is burned up. He said I called the ambulance just to spite him.

He is deducting the $88 from my allowance. What do you think about this? — HELENA.

-:-

Dear Helena: Your husband is my personal candidate for Mean Man of the Year, Heel Division. And you can tell him I said so.

Friendly Enemies

Dear Ann: My husband and I were married 20 years. We have teenage children. Lloyd is a prominent man in this community and the news of our divorce rocked the two because no one suspected there was a bit of trouble.

The "trouble," by the way, is 14 years younger than I am, is currently trying to get a divorce, and is willing to give up her children.

There's no chance for a reconciliation. I'm not writing for that reason. What I want to know is this: What should my attitude be toward former mutual friends of my husband and myself — people we used to see socially?

Several of these people are trying to play it very cool. They want to remain on good terms with both Lloyd and me.

Since Lloyd is clearly in the wrong, I feel these people are condoning what he did and therefore their morals are as bad as his.

Should I stop seeing them? To my way of thinking, they are either on Lloyd's side or mine. They cannot be impartial. Comment please. — FENCE SITTER.

—:—

Dear Sitter: Accept the friendship of those who offer it — and do so unequivocally. You have no right to demand that your friends stop seeing your husband. A woman who adopts this vindictive attitude deserves to end up alone. And she usually does.

Confidentially

To Out of Words: A man who brags that he has not had a vacation in seven years has very little to be proud of. He is a compulsive worker and a fool. Tell him you're through begging and next summer you're going to visit your family either with him or without him. Also tell him he's stupid to let all that money pile up —for your next husband to enjoy.

Ann Landers will be glad to help you with your problems. Send them to her in care of The Review enclosing a long self-addressed, stamped envelope.

Area Woman Bound Over For Shooting

WELLSBURG — A Wellsburg woman, being held in the Brooke County jail without bond, has been bound over to the June term of the Brooke County grand jury charged with the shooting death of her husband after a preliminary hearing before Squire George Mahan.

Mrs. Rose Robinson, 27, was charged Wednesday in the shooting death of Charles Robinson, 41, of Steubenville, after his body was found in an alley last Friday.

Two witnesses, Edward Stein and Mrs. Maryetta Nichols, testified at the hearing. Stein said he saw the defendant, Mrs. Robinson, enter the alley and about two or three minutes later heard two sounds, similar to fire crackers going off.

He said he ran out of the Silver Dollar Bar and saw Charles Robinson lying on the sidewalk in front of Jimmy's Restaurant, which is about 40 feet from the corner of 6th and Charles Sts.

Mrs. Nichols testified at the hearing that Mrs. Robinson had gone to her home between 9:30 and 10 p. m. on Friday. Mrs. Nichols said she told her she had just come back to town and that her husband, Charles, had found out where she was.

Mrs. Nichols said Robinson told her the shooting occurred at the home of Happy Taylor on 6th St.

She said Robinson told her she was hiding in the kitchen when her husband came. She said Mrs. Robinson told her a struggle broke out between her mother and her husband and that was when she shot her husband.

Dr. John Traubert, county coroner testified to the cause of death. He said an autopsy had been performed at the Wheeling Hospital by Dr. Harry Bauer, pathologist, but that he had not received the official autopsy report.

Potters Open Baseball Season By Edging Wellsburg 8-6

Sports Whirled

By TURK PIERCE
Review Sports Editor

A fine high school all-star program will be held April 3 at the Aliquippa gym.

The feature game, starting at 8:30, will pit Beaver County stars against Pittsburgh city and Catholic stars. Hank Kuzma, Midland principal and former coach, and Vic Bianchi, coach at Quigley High who is on the Midland faculty, will coach the Pittsburgh team. Frank Vanosik of Aliquippa and Otto Pritchard of Monaca will coach the Beaver County team. The game is sponsored by the Quigley Boosters.

Among the stars playing for Beaver County will be All-American Denny Wuycik of Ambridge, Charles Pipkin of Aliquippa, Mickey Davis and Kirk Olich of Monaca and Bill Ross and Darrell Jones of Beaver Falls. Heading the Pittsburgh team will be 6-7 Greg Latin of McKeesport Serra and Montel Brundage of Schenley.

At 7 there will be a game between the Pittsburgh Steelers and a faculty group, and there will be a small fry game at 6.

THERE IS AN article in this week's Newsweek about Bevo Francis. Bob Duffy of The Review took the picture for the article.

THE BIG 8 Basketball Conference will meet Monday, and there is a good chance that Steubenville will announce that it is leaving the conference. League foes didn't draw as well as expected in Steubenville this season, and Big Red is expected to play more OVAC foes. Steubenville will play at East Liverpool next season, in any case, despite athletic director Abe Bryan's statement that a Steubenville team would never play at East Liverpool as long as he was there. This apparently applies only to football.

Basketball coaches Clint McConnell and Chuck Watt would like to continue the series, of course, but they don't make up the schedules. McConnell's desire for the Potters to play in the Midland tournament next season was overruled by the athletic committee.

KENT STATE'S ace miler, Sam Bair, was bitten by a dog running in Kent. The dog had had all his shots, so Bair suffered no lasting inconvenience.

SYRACUSE'S TOUGH fullback, Larry Csonka of Stow, Ohio, says he is considering playing pro football in Canada, because the Miami Dolphins, who drafted him, aren't offering enough. Of course this statement could be to make the Dolphins hike their figure.

RON GUZIAK of Duquesne was named to the St. Francis all-opponent team for the 1967-68 basketball season. Others on the team are Bob Lanier of St. Bonaventure, Clarence Brookins of Temple, Garfield Smith of Eastern Kentucky and Dan Kelly of St. Joseph's.

Bartram Homer Paces Attack

The East Liverpool High School baseball team, coached by Jim Potts, opened the 1968 season with an 8-6 win at Wellsburg yesterday.

Bob Bartram homered in the first inning and later collected a single, while Dan Cunningham had a bases-loaded double plus a single and Tom Chambers two singles to pace the seven-hit attack. Jerry Howell went the distance on the mound for the win, allowing five hits and surviving eight Potters errors.

After Bartram's homer in the first East Liverpool scored again on a walk to Mike McVay, a hit by Chambers and an infield out. A walk to Howell, an error by losing pitcher Metz and a hit by Cunningham made it 3-0 in the second before the home team tallied twice. Wellsburg went ahead in the fourth on a two - run double by Friend, but a five - run outburst in the fifth was enough to win for the Potters. Cunningham's double was the big blow in this frame.

Errors put Howell in trouble in the last of the seventh, but he retired Friend to end the game with the two tying runs on base.

Jim Massey of the Potters suffered a slight concussion and a possible dislocated shoulder when he was involved in a collision at first base with Markos of Wellsburg. Markos is in the hospital with a dislocated shoulder.

In addition to the players used yesterday, Potts has outfield candidates in juniors Jim Musraca and Bob Wolfe and sophomore Dan Kristy. Bernie Lovejoy and Bill Montgomery are the other pitchers. Howell can also play third base and Montgomery shortstop. The injury to Massey may necessitate some line - up juggling.

Pittsburgh Stadium Approved

PITTSBURGH (AP) — When the cry, "Play ball!," is sung out in 1970, it may not be in Forbes Field.

It may be in Pittsburgh's new sports stadium.

Bids were opened Thursday for construction of the stadium on the North Side and they fell within acceptable estimates.

Officials immediately expressed hope it would be finished in time for the Pittsburgh Pirates' baseball opener in 1970.

Authorities said bids could probably be awarded in three weeks with construction to start soon after. It's expected to take two years to build the facility.

Initial totalling of the bids puts the stadium's cost at $27,702,000.

When officials opened bids over a year ago, they were stunned to find them running millions of dollars above the estimates. Architects went back to their drawing boards and redesigned the facility, eliminating some of the costlier items.

Huber-Hunt & Nichols, Inc., of Indianapolis, which is building a new stadium in Cincinnati, submitted a low bid of $20,749,000 for general construction.

Mayor Joseph M. Barr said he was delighted with the bids and added, "I know I join with thousands of Pittsburghers in looking forward to the breaking of ground at the stadium site."

Don May To Bypass Olympics

DAYTON, Ohio (AP) — Don May, who led the Dayton Flyers to the National Invitation Tournament championship, has withdrawn from the Olympic basketball team tryouts, citing physical exhaustion.

He is the latest of several basketball stars to skip the Olympics in Mexico City next fall.

"I didn't feel that I could perform at my best during the tryouts and consequently I thought it would be in the best interests of everyone concerned if I were to eliminate myself from the competition," the 6-foot-4 forward said.

May spent Monday at the Olympic tryouts in Indianapolis, Ind., but says he doesn't intend to return. He said he hopes to play pro basketball, but added that that has nothing to do with his quitting the Olympic trials.

Fight Results

PHILADELPHIA — Stanley "Kitten" Hayward, 155, Philadelphia, stopped Mel Collins, 152, Trenton, N.J., 6.

Midland Tracksters Fall To New Brighton

Anthony Williams also recorded a double for Vic Martinetti's team, winning the 120 - yard low hurdles and the pole vault. Bob Newman, Andy Klutka and Corfield were double winners for the Lions.

Marook's, Uncle Pete's, Salem Win At Wellsville

A lay-up with four seconds left by Ollie Freeland gave Marook's Plumbing of Steubenville an 84-83 win over Palmer's Billiards of Salem in the Wellsville JC Basketball Tournament last night.

Uncle Pete's topped the Wellsville SOI 88-75 and Salem outhustled Wooster for a 61-55 win in a faculty bracket game. Salem meets Toronto for the faculty championship at 9:30 tonight, while the independent bracket semi - finals pair Marook's with Amos Esso of Rochester at 7:30 and Uncle Pete's with Baker's Lakers of Beaver at 8:30.

Freeland's basket capped a great comeback by Marook's, which was down 79-72 with about three minutes to go, and never led until Rick Simonetti, who scored all of his 10 points in the last period, scored with 1:04 left. Dan Thomas, who topped all scorers with 30 markers, hit for Palmer's with 30 seconds showing to make it 83-82, and when Marook's lost the ball after a shot with 14 seconds to go it appeared that Palmer's had the game wrapped up. But Dean Richardson, who led Marook's with 24 points, deflected a pass and Freeland grabbed the ball at mid-court and dribbled in for the winning bucket. Palmer's never got the ball in play after that.

Bob Ellison came off the bench to add 20 for Marook's, while Vince Gilliam had 10. Freeland ended with 2. Gene Mastin had 19 and Dave Scott 16 for the losers, who led 60-47 late in the third period before Ellison led a rally of eight straight points.

Towering Uncle Pete's had too much height for a scrappy SOI team, as 6-6 Frank Pilsitz netted 27 points and 6-7 Steve Baldwin 19. Ray Rolley added 22 and Mac Comparetta 11. Two former Bowling Green stars, Rex Leach and Al Aloi of Midland, had 29 and 24 for the losers. Uncle Pete's led 11-1, but SOI closed to 20-17 and the game was close until the closing stages. The losers trailed only 73-69 before Uncle Pete's pulled away.

Red Jones bagged 25 points to pace the Salem faculty, while John Bonelli added 12 and Mike Brooks 11. Pilsitz had 22 for the Wooster faculty, with Rolley hitting 15 and Charlie Richards 10. The game was close all the way, with Salem taking the lead for good at 45-38 with an eight - point streak late in the third period. Wooster was down only 55-53, but the winners ran off six in a row to ice the win. Poor foul shooting hurt Wooster, as it made only 3 of 15.

Giants Blast Angels; Nats Blank Orioles

By DICK COUCH

The California Angels and Baltimore Orioles have had their wings clipped but Jim Kaat's elbow trouble has thrown the Minnesota Twins for a bigger loss.

San Francisco unleashed a 22-hit barrage against four California pitchers Thursday and rolled to an 18-3 exhibition baseball triumph over the Angels at Phoenix, Ariz.

The Orioles were shut out for the second time in a row, bowing 2-0 to Washington at Miami, Fla., as Camilo Pascual and Bill Denehy combined for a five-hitter.

Kaat, Minnesota's southpaw pitching ace, flew from Orlando, Fla., to the Twin Cities Thursday night to begin a series of X-ray treatments on his ailing left elbow, injured in the next-to-last game of the 1967 season.

Elsewhere on the exhibition schedule, St. Louis trimmed Oakland 3-1, Cincinnati nipped Detroit 4-3 in 14 innings, Pittsburgh topped Houston 3-1, Los Angeles drubbed the Chicago White Sox 11-4, the New York Yankees downed the New York Mets 5-1, the Chicago Cubs edged Cleveland 5-3 and Philadelphia shaded Atlanta 4-2.

Jim Davenport lashed four hits, including a triple, as the Giants cuffed Ricky Clark for eight runs and 14 hits in five innings and completed the assault against Minnie Rojas, Jack Hamilton and Jim Weaver.

"Our present plan is to put him on the disabled list at the start of the season."

Frank Fernandez drove in two runs with a homer and single in the Yankees' victory over the Mets at St. Petersburg, Fla.

At Tucson Ariz., the Cubs struck for three first inning runs and held off Cleveland behind right-hander Ferguson Jenkins, who scattered nine hits in seven innings.

John Callison's two-run homer and a pair of unearned runs in the seventh inning led the Phillies to victory under the lights at Clearwater, Fla.

Flyers Take Lead In NHL West Division

By The Associated Press

The Philadelphia Flyers and New York Rangers are considerably more secure about their spots in the National Hockey League standings today than they were 24 hours ago.

Philadelphia took a long stride towards clinching the expansion West Division title by blanking St. Louis 2-0 Thursday. New York, meanwhile, virtually locked up second place in the East with a 5-4 triumph over Boston. Detroit dropped Chicago 3-1 in the only other NHL game Thursday.

Rookie Doug Favell kicked out 24 shots as the Flyers took a two-point lead over idle Los Angeles in the West. Philadelphia has two games remaining and LA one. Los Angeles would have to win its game while the Flyers lost their last two for the Kings to cop the West championship.

Favell, who recorded his fourth shutout, protected a 1-0 edge provided by Gary Dornhoefer's second period goal until Andre Lacroix hit in the final minute of play.

The Flyers beat Glenn Hall, who had shut them out the night before, and prevented the fourth place Blues from clinching a playoff berth. St. Louis remained three points ahead of Pittsburgh with both teams having two games left.

The Rangers boosted their second-place edge in the East to four points over the Bruins with two games to play. New York would have to lose both remaining games while Boston swept its two for the Bruins to finish second.

Don Marshall and Reg Fleming each scored twice as the Rangers rushed to 5-1 lead against Boston and then withstood a furious Bruin rally.

Frank Mahovlich hit twice as Detroit dropped Chicago and virtually insured the Black Hawks of no better than a fourth place finish in the East. Chicago trails Boston by three points with two games remaining.

Phil Esposito, with a goal and assist, ran his season's scoring total to a Boston record 81 points.

Mahovlich's two goals gave him seven in 11 games since coming to the Red Wings in the eight-player trade that sent Norm Ullman to Toronto.

Gordie Howe of Detroit, tied for second place with Esposit in the scoring race, remained three points back of Chicago's Stan Mikita, the leader. Mikita and Howe each picked up one assist.

Potters Open Baseball Season By Edging Wellsburg 8-6

Sports Whirled

By TURK PIERCE
Review Sports Editor

A fine high school all-star program will be held April 3 at the Aliquippa gym.

The feature game, starting at 8:30, will pit Beaver County stars against Pittsburgh city and Catholic stars. Hank Kuzma, Midland principal and former coach, and Vic Bianchi, coach at Quigley High who is on the Midland faculty, will coach the Pittsburgh team. Frank Vanosik of Aliquippa and Otto Pritchard of Monaca will coach the Beaver County team. The game is sponsored by the Quigley Boosters.

Among the stars playing for Beaver County will be All-American Denny Wuycik of Ambridge, Charles Pipkin of Aliquippa, Mickey Davis and Kirk Olich of Monaca and Bill Ross and Darrell Jones of Beaver Falls. Heading the Pittsburgh team will be 6-7 Greg Latin of McKeesport Serra and Montel Brundage of Schenley.

At 7 there will be a game between the Pittsburgh Steelers and a faculty group, and there will be a small fry game at 6.

THERE IS AN article in this week's Newsweek about Bevo Francis. Bob Duffy of The Review took the picture for the article.

THE BIG 8 Basketball Conference will meet Monday, and there is a good chance that Steubenville will announce that it is leaving the conference. League foes didn't draw as well as expected in Steubenville this season, and Big Red is expected to play more OVAC foes. Steubenville will play at East Liverpool next season, in any case, despite athletic director Abe Bryan's statement that a Steubenville team would never play at East Liverpool as long as he was there. This apparently applies only to football.

Basketball coaches Clint McConnell and Chuck Watt would like to continue the series, of course, but they don't make up the schedules. McConnell's desire for the Potters to play in the Midland tournament next season was overruled by the athletic committee.

KENT STATE'S ace miler, Sam Bair, was bitten by a dog running in Kent. The dog had had all his shots, so Bair suffered no lasting inconvenience.

SYRACUSE'S TOUGH fullback, Larry Csonka of Stow, Ohio, says he is considering playing pro football in Canada, because the Miami Dolphins, who drafted him, aren't offering enough. Of course this statement could be to make the Dolphins hike their figure.

RON GUZIAK of Duquesne was named to the St. Francis all-opponent team for the 1967-68 basketball season. Others on the team are Bob Lanier of St. Bonaventure, Clarence Brookins of Temple, Garfield Smith of Eastern Kentucky and Dan Kelly of St. Joseph's.

Giants Blast Angels; Nats Blank Orioles

By DICK COUCH

The California Angels and Baltimore Orioles have had their wings clipped but Jim Kaat's elbow trouble has thrown the Minnesota Twins for a bigger loss.

San Francisco unleashed a 22-hit barrage against four California pitchers Thursday and rolled to an 18-3 exhibition baseball triumph over the Angels at Phoenix, Arix.

The Orioles were shut out for the second time in a row, bowing 2-0 to Washington at Miami, Fla., as Camilo Pascual and Bill Denehy combined for a five-hitter.

Kaat, Minnesota's southpaw pitching ace, flew from Orlando, Fla., to the Twin Cities Thursday night to begin a series of X-ray treatments on his ailing left elbow, injured in the next-to-last game of the 1967 season.

Eisewhere on the exhibition schedule, St. Louis trimmed Oakland 3-1, Cincinnati nipped Detroit 4-3 in 14 innings, Pittsburgh topped Houston 3-1, Los Angeles drubbed the Chicago White Sox 11-4, the New York Yankees downed the New York Mets 5-1, the Chicago Cubs edged Cleveland 5-3 and Philadelphia shaded Atlanta 4-2.

Jim Davenport lashed four hits, including a triple, as the Giants cuffed Ricky Clark for eight runs and 14 hits in five innings and completed the assault against Minnie Rojas, Jack Hamilton and Jim Weaver.

Bartram Homer Paces Attack

The East Liverpool High School baseball team, coached by Jim Potts, opened the 1968 season with an 8-6 win at Wellsburg yesterday.

Bob Bartram homered in the first inning and later collected a single, while Dan Cunningham had a bases-loaded double plus a single and Tom Chambers two singles to pace the seven-hit attack. Jerry Howell went the distance on the mound for the win, allowing five hits and surviving eight Potters errors.

After Bartram's homer in the first East Liverpool scored again on a walk to Mike McVay, a hit by Chambers and an infield out. A walk to Howell, an error by losing pitcher Metz and a hit by Cunningham made it 3-0 in the second before the home team tallied twice. Wellsburg went ahead in the fourth on a two - run double by Friend, but a five - run outburst in the fifth was enough to win for the Potters. Cunningham's double was the big blow in this frame.

Errors put Howell in trouble in the last of the seventh, but he retired Friend to end the game with the two tying runs on base.

Jim Massey of the Potters suffered a slight concussion and a possible dislocated shoulder when he was involved in a collision at first base with Markos of Wellsburg. Markos is in the hospital with a dislocated shoulder.

In addition to the players used yesterday, Potts has outfield candidates in juniors Jim Musuraca and Bob Wolfe and sophomore Dan Kristy. Bernie Lovejoy and Bill Montgomery are the other pitchers. Howell can also play third base and Montgomery shortstop. The injury to Massey may necessitate some line - up juggling.

Marook's, Uncle Pete's, Salem Win At Wellsville

A lay-up with four seconds left by Ollie Freeland gave Marook's Plumbing of Steubenville an 84-83 win over Palmer's Billiards of Salem in the Wellsville JC Basketball Tournament last night.

Uncle Pete's topped the Wellsville SOI 88-75 and Salem outhustled Wooster for a 61-55 win in a faculty bracket game. Salem meets Toronto for the faculty championship at 9:30 tonight, while the independent bracket semi - finals pair Marook's with Amos Esso of Rochester at 7:30 and Uncle Pete's with Baker's Lakers of Beaver at 8:30.

Freeland's basket capped a great comeback by Marook's, which was down 79-72 with about three minutes to go, and never led until Rick Simonetti, who scored all of his 10 points in the last period, scored with 1:04 left. Dan Thomas, who topped all scorers with 30 markers, hit for Palmer's with 30 seconds showing to make it 83-82, and when Marook's lost the ball after a shot with 14 seconds to go it appeared that Palmer's had the game wrapped up. But Dean Richardson, who led Marook's with 24 points, deflected a pass and Freeland grabbed the ball at mid-court and dribbled in for the winning bucket. Palmer's never got the ball in play after that.

Bob Ellison came off the bench to add 20 for Marook's, while Vince Gilliam had 10. Freeland ended with 2. Gene Mastin had 19 and Dave Scott 16 for the losers, who led 60-47 late in the third period before Ellison led a rally of eight straight points.

Towering Uncle Pete's had too much height for a scrappy SOI team, as 6-6 Frank Pilsitz netted 27 points and 6-7 Steve Baldwin 19. Ray Rolley added 22 and Mac Comparetta 11. Two former Bowling Green stars, Rex Leach and Al Aloi of Midland, had 29 and 24 for the losers. Uncle Pete's led 11-1, but SOI closed to 20-17 and the game was close until the closing stages. The losers trailed only 73-69 before Uncle Pete's pulled away.

Red Jones bagged 25 points to pace the Salem faculty, while John Bonelli added 12 and Mike Brooks 11. Pilsitz had 22 for the Wooster faculty, with Rolley hitting 15 and Charlie Richards 10. The game was close all the way, with Salem taking the lead for good at 45-38 with an eight - point streak late in the third period. Wooster was down only 55-53, but the winners ran off six in a row to ice the win. Poor foul shooting hurt Wooster, as it made only 3 of 15.

Pittsburgh Stadium Approved

PITTSBURGH (AP) — When the cry, "Play ball!," is sung out in 1970, it may not be in Forbes Field.

It may be in Pittsburgh's new sports stadium.

Bids were opened Thursday for construction of the stadium on the North Side and they fell within acceptable estimates.

Officials immediately expressed hope it would be finished in time for the Pittsburgh Pirates' baseball opener in 1970.

Authorities said bids could probably be awarded in three weeks with construction to start soon after. It's expected to take two years to build the facility.

Initial totalling of the bids puts the stadium's cost at $27,702,000.

When officials opened bids over a year ago, they were stunned to find them running millions of dollars above the estimates. Architects went back to their drawing boards and redesigned the facility, eliminating some of the costlier items.

Huber-Hunt & Nichols, Inc., of Indianapolis, which is building a new stadium in Cincinnati, submitted a low bid of $20,749,000 for general construction.

Mayor Joseph M. Barr said he was delighted with the bids and added, "I know I join with thousands of Pittsburghers in looking forward to the breaking of ground at the stadium site."

Don May To Bypass Olympics

DAYTON, Ohio (AP) — Don May, who led the Dayton Flyers to the National Invitation Tournament championship, has withdrawn from the Olympic basketball team tryouts, citing physical exhaustion.

He is the latest of several basketball stars to skip the Olympics in Mexico City next fall.

"I didn't feel that I could perform at my best during the tryouts and consequently I thought it would be in the best interests of everyone concerned if I were to eliminate myself from the competition," the 6-foot-4 forward said.

May spent Monday at the Olympic tryouts in Indianapolis, Ind., but says he doesn't intend to return. He said he hopes to play pro basketball, but added that that has nothing to do with his quitting the Olympic trials.

Fight Results

PHILADELPHIA — Stanley "Kitten" Hayward, 155, Philadelphia, stopped Mel Collins, 152, Trenton, N.J., 6.

LOS ANGELES—Raul Rojas, 126, San Pedro, Calif., outpointed Enrique Higgins, 125½, Bogota, Colombia, 15. Rojas won vacated World Boxing Association featherweight championship.

Track coach Bob Starkey has 11 lettermen. Vince Monseau and Frank Lambert are assisting Starkey, as is Burig when he gets a chance.

Jackson, Jim Carnes and Allan Six are letterman hurdlers, while Denny Mitchell adds depth. Letterman sprinters are Greg Hobbs and Harold Marshall, while Tom McGeehan, Steve Logston and Larry Neptune add depth in the dashes. The two - mile crew is headed by letterman Dan Zielinsky, backed by Jerry Enochs and Bill Ferguson. Tim Crago and brother Dan, who is a letterman, are the high jumpers. Dan Crago has done 6-0, but is currently bothered by a sprained ankle. Longston and Marshall are the broad jumpers.

Dave Lowther and Bob Miller, both senior lettermen, can clear 10-6 in the pole vault, while senior John Kelly is a letterman in the discus. Starkey admits the shot put is a weak event for his team.

Allen's Throwing Worries Phillies

By JACK HAND
Associated Press Sports Writer

CLEARWATER, Fla. (AP) — This has been a rough spring for the Philadelphia Phillies, bouncing around the lower regions of the Grapefruit League, worrying about Richie Allen's hand and sweating out Bobby Wine's chronic back condition.

Bill White's remarkable comeback from a torn Achilles tendon has been the bright spot of the camp. White has looked his old self in the field and has been swinging a hot bat.

Allen, who cut two tendons and the ulnar nerve in his right wrist last August when his wrist smashed through the headlamp of an old car, is a major problem.

Apparently Allen still can swing a bat with his old tape measure power but his throwing, never too good, has been most erratic. In order to give Allen more time to recover from the damaged hand, manager Gene Mauch has shifted him to left field.

In the meantime the Phils are using the capable Tony Taylor at third base.

Shortstop is another problem. Wine's back acted up again and although he is working out, rookie Don Money has been getting the full trial at short.

Money is the young man who was the key figure in the big deal that sent Jim Bunning to Pittsburgh last winter. A .310 whiz with home run power in Class A at Raleigh, Money figured to need more seasoning. Still, there is an emergency situation at short and Money may have to be force-fed.

White's fine recovery eliminated all doubts about first base and Cookie Rojas is back to handle second again.

With Allen in left, Tony Gonzalez, a .339 hitter in 1967, goes into the center field competition with Don Lock and John Briggs. Larry Higle, a rookie, has impressed with great speed and top flight defensive ability. Right field belongs to Johnny Callison.

Clay Dalrymple and Mike Ryan, former Boston Red Sox, will share the catching on a platoon basis. Neither hit .200 last year but both are top grade receivers.

Woody Fryman, acquired from the Pirates with Money and two kid pitchers in the Bunning deal, has stepped into the starting rotation.

Chris Short, who missed 14 starts last year due to a back ailment and a knee injury, figures to be the big man of the staff. The veteran Larry Jackson and Rick Wise, a late reporter after holding out, will be the others to take a regular turn.

Dick Hall and Dick Farrell, two veterans who have made the rounds, will team up again in the bullpen. Grant Jackson may be ready to stay on his fourth trial. Others who survived the first cut are John Boozer, Jeff James, Barry Lersch and Larry Colton, all of whom are right-handers.

Raul Rojas Feather Champion

LOS ANGELES (AP) — California's Raul Rojas rallied in two violent rounds, the 12th and 15th, and won a unanimous decision over Enrique Higgins of Colombia Thursday night to win the World Boxing Association featherweight championship.

Rojas, 126, San Pedro, Calif., had Higgins, 125½, Bogota, Colombia, on the verge of a knockout in the two crucial rounds before a capacity crowd of 10,400 at the Olympic Auditorium — a crowd which paid $64,381.

The decision was widely acclaimed by the partisan Rojas following but there were those who felt that Higgins, a master at jabbing and boxing had earned the decision.

While the WBA, which includes California, sanctioned the fight, to fill the vacancy caused when Mexico's Vicente Saldivar retired last October, there are other areas in the world which did not extend the recognition.

Referee Dick Young scored it 11-6, judge John Thomas had it 10-5 and judge George Latka scored 10-6. California's scoring is one or more points to the winner of a round, none for the loser and none for an even round.

The Associated Press score it 8-6 for Higgins.

The victory was the 34th for Rojas. His only defeat was a 15-round knockout by Saldivar in Los Angeles, May 7, 1965. It was the third defeat in 33 fights for Higgins.

Mavericks Charge NBA Tampering

HOUSTON (AP) — The Houston Mavericks of the young American Basketball Association charged Thursday that the San Diego Rockets of the NBA slipped "at least $5,000" to University of Houston superstar Elvin Hayes while he still was playing college ball.

The 6-9½ Hayes, college player of the year, signed with San Diego of the National Basketball Association Wednesday for an estimated $440,000 over four years.

Hayes said he would hold a news conference today.

T. C. Morrow, president of the Mavericks, held a news conference Thursday to declare — among other things — "all-out war" against the NBA over the Hayes signing.

Morrow said the Mavericks still would give Hayes $750,000 for three years.

Morrow said at least $5,000 went to Hayes from the Rockets 30 days ago.

Both Walter Kennedy, commissioner of the NBA, and Rockets president Robert Breitbard denied any such payment.

Hayes was contacted in Schenectady, N.Y., Thursday night and withheld any comment, save to say he would hold a news conference this afternoon.

Indiana Leads NCAA Swim Over USC

HANOVER, N.H. (AP) — Indiana's perennial bridesmaids don't want to wait any longer for the NCAA Swimming Championship. Judging from their impressive opening day performance, they may not have to.

"We've been working all year for this," said an elated Charlie Hickcox after smashing the American record for the second time in one day Thursday while leading a 1-2 Hoosier finish in the 200-yard individual medley.

"We really want to get this one for Doc," he said of Coach Jim "Doc" Counsilman, whose Indiana teams finished second three straight times from 1964 to 1966, and then wound up third last year.

Hickcox sliced five-tenths of a second off the U.S. record with a clocking of one minute, 53.9 seconds in his afternoon heats, then came back with a runaway victory in the finals in 1:52.6. Captain Bill Utley came in second, and the Hoosiers were on their way to a commanding first-day lead.

Indiana wound up with 129 points entering the second day

Boston Beats Detroit, Evens Playoff Series

By The Associated Press

The San Francisco Warriors and Los Angeles Lakers will be looking to stretch their National Basketball Association playoff advantage to 3-1 tonight. Meanwhile, the Minnesota Muskies will try to wrap up their semifinal victory over Kentucky in the American Basketball Association.

The Warriors, surprisingly a game up on the St. Louis Hawks in the NBA's Western Division playoffs, entertain the Hawks in Oakland.

The Lakers, not surprisingly ahead of the Chicago Bulls 2-1 in the West's other playoff, meet the Bulls in Chicago.

The Muskies can end their series with Kentucky in the ABA's Eastern Division with an other victory. Minnesota is ahead 2-1 and the semifinals in the ABA are best-of-5. In the NBA, it's best-of-7.

In the only pro basketball playoff action Thursday night, the Boston Celtics evened their series with the Detroit Pistons at two games each by winning 135-110 at Detroit.

The Warriors' lead over the Hawks is even more surprising for the fact that it was gained without the services of Nate Thurmond, the big center who is out with injuries, and several other key players.

Paul Silas of the Hawks, admitting the Warriors are "better than we expected," says he is "confident the Hawks will come back." St. Louis beat San Francisco in seven of their eight meetings during the regular season.

Bill Russell sparked a third-quarter rally, bringing the Celtics past the Pistons, who were threatening to continue their newly found mastery over Boston. Detroit led 60-55 at the half, but Russell led the Celts to an 80-point second half.

John Havlicek had 35 points for Boston while Dave Bing led Detroit with 26. The series resumes Sunday in Boston.

Big 10 Plays Down Discounts

ANN ARBOR, Mich. (AP) — Bill Reed of Chicago, Big Ten Conference athletic commissioner, said he is unconvinced that discounts reportedly given Michigan U. athletes by local merchants are in violation of a conference rule.

The campus newspaper, the Michigan Daily, reported Thursday that he does not wish to classify the discounts as violations unless the athletic directors vote to do so.

Big Ten athletic directors are scheduled to discuss the report of discounts at a meeting May 14-18 in Minneapolis, Minn.

The Michigan Daily triggered an investigation in February, into possible rule infractions when it reported that athletes at Michigan were given discounts from local men's stores and local restaurants.

The paper also said that athletes at Michigan State University were given free meals in a university snack bar and also free phone calls.

Sanders Leads Golf, Looks To Masters

JACKSONVILLE, Fla. (AP) — If Doug Sanders doesn't win the Masters Golf Tournament in April, his next big goal will be the British Open in mid-July.

It's not that he isn't planning to press his one-stroke advantage over the field in today's second road of the Greater Jacksonville Open. But Sanders has won it before and he knows another prestige victory would establish him among the elite of the game.

"The British Open to me could excel the big American tournaments such as the Masters, U.S. Open and PGA," Sanders said. "I have business interests in the British Empire, and I figure the British Open would mean half a million dollars more to me than any of the three major tournaments in the United States."

Sanders headed the pack with a seven-under-par 65 into the second round of the $100,000

He shot an easy eagle—two wood shots and a two-foot putt—and five birdies in Thursday's opening round.

Five challengers were one stroke behind him and 60 others broke par 72 on the 7,221-yard Deerwood Club course.

Steve Reid, Al Geiberger, Gardner Dickinson, Dewitt Weaver Jr. and Julius Boros were at 66. Don January, Richard Martinez, Chi-Chi Rodriguez and Bobby Nichols were at 67.

Defending champ Dan Sikes was among a dozen at 68 after an erratic round including an eagle, three birdies and a bogey.

Gary Player at 69 and Arnold Palmer at 70 were in the running, but Jack Nicklaus at 74 faced the necessity of a good second round to make the cut for the final 36 holes Saturday and Sunday.

6 Indiana Bowlers Sue ABC, 5 Others

CINCINNATI (AP) — Six Indiana bowlers sued the American Bowling Congress and five other defendants Thursday for allegedly black-listing them and controlling tournaments nationwide.

The six, from Kokomo and Logansport, filed the suit in U.S. District Court here.

Each is seeking $450,000 in damages in the suit contending the ABC charged in Kokomo area newspapers that the six deliberately bowled low scores to get a higher tournament handicap.

CLEARWATER, Fla. (AP) — This has been a rough spring for the Philadelphia Phillies, bouncing around the lower regions of the Grapefruit League, worrying about Richie Allen's hand and sweating out Bobby Wine's chronic back condition.

Bill White's remarkable comeback from a torn Achilles tendon has been the bright spot of the camp. White has looked his old self in the field and has been swinging a hot bat.

Allen, who cut two tendons and the ulnar nerve in his right wrist last August when his wrist smashed through the headlamp of an old car, is a major problem.

Apparently Allen still can swing a bat with his old tape measure power but his throwing, never too good, has been most erratic. In order to give Allen more time to recover from the damaged hand, manager Gene Mauch has shifted him to left field.

In the meantime the Phils are using the capable Tony Taylor at third base.

Shortstop is another problem. Wine's back acted up again and although he is working out, rookie Don Money has been getting the full trial at short.

Money is the young man who was the key figure in the big deal that sent Jim Bunning to Pittsburgh last winter. A .310 whiz with home run power in Class A at Raleigh, Money figured to need more seasoning. Still, there is an emergency situation at short and Money may have to be force-fed.

White's fine recovery eliminated all doubts about first base and Cookie Rojas is back to handle second again.

With Allen in left, Tony Gonzalez, a .339 hitter in 1967, goes into the center field competition with Don Lock and John Briggs. Larry Higle, a rookie, has impressed with great speed and top flight defensive ability. Right field belongs to Johnny Callison.

Clay Dalrymple and Mike Ryan, former Boston Red Sox, will share the catching on a platoon basis. Neither hit .200 last year but both are top grade receivers.

Woody Fryman, acquired from the Pirates with Money and two kid pitchers in the Bunning deal, has stepped into the starting rotation.

Chris Short, who missed 14 starts last year due to a back ailment and a knee injury, figures to be the big man of the staff. The veteran Larry Jackson and Rick Wise, a late reporter after holding out, will be the others to take a regular turn.

Dick Hall and Dick Farrell, two veterans who have made the rounds, will team up again in the bullpen. Grant Jackson may be ready to stay on his fourth trial. Others who survived the first cut are John Boozer, Jeff James, Barry Lersch and Larry Colton, all of whom are right-handers.

Raul Rojas Feather Champion

LOS ANGELES (AP) — California's Raul Rojas rallied in two violent rounds, the 12th and 15th, and won a unanimous decision over Enrique Higgins of Colombia Thursday night to win the World Boxing Association featherweight championship.

Rojas, 126, San Pedro, Calif., had Higgins, 125½, Bogota, Colombia, on the verge of a knockout in the two crucial rounds before a capacity crowd of 10,400 at the Olympic Auditorium — a crowd which paid $64,381.

The decision was widely acclaimed by the partisan Rojas following but there were those who felt that Higgins, a master at jabbing and boxing had earned the decision.

While the WBA, which includes California, sanctioned the fight, to fill the vacancy caused when Mexico's Vicente Saldivar retired last October, there are other areas in the world which did not extend the recognition.

Referee Dick Young scored it 11-6, judge John Thomas had it 10-5 and judge George Latka scored 10-6. California's scoring is one or more points to the winner of a round, none for the loser and none for an even round.

The Associated Press score it 8-6 for Higgins.

The victory was the 34th for Rojas. His only defeat was a 15-round knockout by Saldivar in Los Angeles, May 7, 1965. It was the third defeat in 33 fights for Higgins.

Mavericks Charge NBA Tampering

HOUSTON (AP) — The Houston Mavericks of the young American Basketball Association charged Thursday that the San Diego Rockets of the NBA slipped "at least $5,000" to University of Houston superstar Elvin Hayes while he still was playing college ball.

The 6-9½ Hayes, college player of the year, signed with San Diego of the National Basketball Association Wednesday for an estimated $440,000 over four years.

Hayes said he would hold a news conference today.

T. C. Morrow, president of the Mavericks, held a news conference Thursday to declare — among other things — "all-out war" against the NBA over the Hayes signing.

Morrow said the Mavericks still would give Hayes $750,000 for three years.

Morrow said at least $5,000 went to Hayes from the Rockets 30 days ago.

Both Walter Kennedy, commissioner of the NBA, and Rockets president Robert Breitbard denied any such payment.

Hayes was contacted in Schenectady, N.Y., Thursday night and withheld any comment, save to say he would hold a news conference this afternoon.

Indiana Leads NCAA Swim Over USC

HANOVER, N.H. (AP) — Indiana's perennial bridesmaids don't want to wait any longer for the NCAA Swimming Championship. Judging from their impressive opening day performance, they may not have to.

"We've been working all year for this," said an elated Charlie Hickcox after smashing the American record for the second time in one day Thursday while leading a 1-2 Hoosier finish in the 200-yard individual medley.

"We really want to get this one for Doc," he said of Coach Jim "Doc" Counsilman, whose Indiana teams finished second three straight times from 1964 to 1966, and then wound up third last year.

Hickcox sliced five-tenths of a second off the U.S. record with a clocking of one minute, 53.9 seconds in his afternoon heats, then came back with a runaway victory in the finals in 1:52.6. Captain Bill Utley came in second, and the Hoosiers were on their way to a commanding first-day lead.

Indiana wound up with 129 points entering the second day

Boston Beats Detroit, Evens Playoff Series

By The Associated Press

The San Francisco Warriors and Los Angeles Lakers will be looking to stretch their National Basketball Association playoff advantage to 3-1 tonight. Meanwhile, the Minnesota Muskies will try to wrap up their semifinal victory over Kentucky in the American Basketball Association.

The Warriors, surprisingly a game up on the St. Louis Hawks in the NBA's Western Division playoffs, entertain the Hawks in Oakland.

The Lakers, not surprisingly ahead of the Chicago Bulls 2-1 in the West's other playoff, meet the Bulls in Chicago.

The Muskies can end their series with Kentucky in the ABA's Eastern Division with another victory. Minnesota is ahead 2-1 and the semifinals in the ABA are best-of-5. In the NBA, it's best-of-7.

In the only pro basketball playoff action Thursday night, the Boston Celtics evened their series with the Detroit Pistons at two games each by winning 135-110 at Detroit.

The Warriors' lead over the Hawks is even more surprising for the fact that it was gained without the services of Nate Thurmond, the big center who is out with injuries, and several other key players.

Paul Silas of the Hawks, admitting the Warriors are "better than we expected," says he is "confident the Hawks will come back." St. Louis beat San Francisco in seven of their eight meetings during the regular season.

Bill Russell sparked a third-quarter rally, bringing the Celtics ◂ st the Pistons, who were threatening to continue their newly found mastery over Boston. Detroit led 60-55 at the half, but Russell led the Celts to an 80-point second half.

John Havlicek had 35 points for Boston while Dave Bing led Detroit with 26. The series resumes Sunday in Boston.

Big 10 Plays Down Discounts

ANN ARBOR, Mich. (AP) — Bill Reed of Chicago, Big Ten Conference athletic commissioner, said he is unconvinced that discounts reportedly given Michigan U. athletes by local merchants are in violation of a conference rule.

The campus newspaper, the Michigan Daily, reported Thursday that he does not wish to classify the discounts as violations unless the athletic directors vote to do so.

Big Ten athletic directors are scheduled to discuss the report of discounts at a meeting May 14-18 in Minneapolis, Minn.

The Michigan Daily triggered an investigation in February, into possible rule infractions when it reported that athletes at Michigan were given discounts from local men's stores and local restaurants.

The paper also said that athletes at Michigan State University were given free meals in a university snack bar and also free phone calls.

Sanders Leads Golf, Looks To Masters

JACKSONVILLE, Fla. (AP) — If Doug Sanders doesn't win the Masters Golf Tournament in April, his next big goal will be the British Open in mid-July.

It's not that he isn't planning to press his one-stroke advantage over the field in today's second road of the Greater Jacksonville Open. But Sanders has won it before and he knows another prestige victory would establish him among the elite of the game.

"The British Open to me could excel the big American tournaments such as the Masters, U.S. Open and PGA," Sanders said. "I have business interests in the British Empire, and I figure the British Open would mean half a million dollars more to me than any of the three major tournaments in the United States."

Sanders headed the pack with a seven-under-par 65 into the second round of the $100,000 He shot an easy eagle—two wood shots and a two-foot putt —and five birdies in Thursday's opening round.

Five challengers were one stroke behind him and 60 others broke par 72 on the 7,221-yard Deerwood Club course.

Steve Reid, Al Geiberger, Gardner Dickinson, Dewitt Weaver Jr. and Julius Boros were at 66. Don January, Richard Martinez, Chi-Chi Rodriguez and Bobby Nichols were at 67.

Defending champ Dan Sikes was among a dozen at 68 after an erratic round including an eagle, three birdies and a bogey.

Gary Player at 69 and Arnold Palmer at 70 were in the running, but Jack Nicklaus at 74 faced the necessity of a good second round to make the cut for the final 36 holes Saturday and Sunday.

6 Indiana Bowlers Sue ABC, 5 Others

CINCINNATI (AP) — Six Indiana bowlers sued the American Bowling Congress and five other defendants Thursday for allegedly black-listing them and controlling tournaments nationwide.

The six, from Kokomo and Logansport, filed the suit in U.S. District Court here.

Each is seeking $450,000 in damages in the suit contending the ABC charged in Kokomo area newspapers that the six deliberately bowled low scores to get a higher tournament handicap.

The DOCTOR Says

By DR. W. G. BRANDSTADT

Q—How many kinds of breast cancer are there? What is the medullary kind?

A—Scirrhous breast cancer primarily involves the connective tissue; adenomatous, the gladular tissue; medullary, the deep central portion; and Paget's disease, the nipples. A more useful classification is type A (fast - growing tumors in women under 40) and type B (slow - growing tumors in women over 40). These ages are relative, not absolute — type A is occasionally seen in women who are over 40.

Dr. Brandstadt

Q—How does a woman get breast cancer? What are the symptoms? Could a teen-ager get it?

A—The cause an manner of getting a breast cancer is unknown. A tumor that can be felt with the flat of the hand (not just the finger tips) is the only early symptom. Other means of early detection include scanning after giving a woman a radioisotope, scanning by means of infrared photography for areas of increased body heat and X-ray (mammography).

Cancer of the breast in girls who are under 15 is practically never seen and is very rare in women under 25.

Q—How can I bring down the swelling in my arm caused by a blockage of the lumphatics following a radical breast removal for cancer?

A—This is a common aftermath of radical mastectomy. In the treatment it is necessary first to clear up any wound infection that may be present. An elastic bandage helps to keep the swelling down but does not cure the condition. The most important part of the treatment is the use of certain exercises described in detail in the pamphet, "Help Yourself to Recovery." It is available from the American Cancer Society, 219 East 42d St., New York, N.Y. 10017.

Q—My doctor says my bladder doesn't empty completely when I void. Is this common? Could a bladder or kidney infection cause stomach distress? What causes polyps of the bladder? Should a person with bladder trouble increase his intake of fluids?

A—Failure to empty the bladder completely is common in persons who are over 60 (more so in men than in women). A bladder or kidney infection may cause vague distress in the abdomen and pelvis and, since it may be associated with nausea, it is often attributed to the stomach. The cause of polyps is not known. Taking a large amount of fluids helps to flush out the bladder and kidneys and prevent a highly acid, irritating urine.

Please send your questions and comments to Wayne G. Brandstadt, M.D., in care of The Review. While Dr. Brandstadt cannot answer individual letters, he will answer letter of general interest in future columns.

Kennedy, McCarthy Head For Collision On May 7

By The Associated Press

Sens. Eugene J. McCarthy and Robert F. Kennedy, so far traveling separate anti-Johnson routes in a semblance of cooperation, have at last chosen courses sure to bring a collision.

The crossroads will be Indiana's May 7 Democratic presidential primary.

It will be the first head-to-head encounter between the two antiwar Democrats who want to deny President Johnson renomination.

Kennedy showed up in person Thursday to turn in 5,360 signatures to election officials in Indianapolis and thus put himself on the May 7 ballot. McCarthy supporters had filed earlier in the day, as had backers of Gov. Roger D. Branigin, who will be a stand-in for Johnson.

The Indiana confrontation puts Richard Goodwin, one of McCarthy's top lieutenants, in a ticklish spot. Despite his role in the McCarthy organization, Goodwin has long been associated with the political fortunes of the Kennedy family.

Asked which way he will jump when it comes down to a McCarthy vs. Kennedy situation, Goodwin said Thursday in Milwaukee:

"I don't know what I'm going to do, but I can say this. I don't expect Lyndon Johnson to be the nominee. It's going to be either McCarthy or Kennedy."

McCarthy is in the thick of campaigning for Tuesday's Wisconsin primary. Kennedy is not in this one but is urging Wisconsin Democrats to vote for McCarthy and against Johnson.

In a speech in Superior, Wis., McCarthy said it's "really too kind" to criticize the South Vietnamese government as dictatorial and corrupt. There is no visible government in the wartorn nation, he said.

Kennedy, whose voice threatens to give out from the punishment he's been giving it, planned to continue hitting the campus circuit today with rallies at both the University of New Mexico and University of Arizona.

One of his Thursday stops was the University of Nebraska, where he made his first farm policy comments.

"Those who seek to meet the urban crisis," he said, "all too often ignore a key source of this crisis: the conditions of rural America."

Richard M. Nixon, only major contender for the Republican presidential nomination, was to confer today with a major backer of Gov. Nelson A. Rockefeller of New York, who recently folded the experts by deciding to stay out of the race.

Nixon had a date to meet Gov. Spiro Agnew of Maryland in New York City. Agnew said he has heard much of the former vice president's stance on Vietnam but "I want to get a better understanding of his position on domestic issues."

While campaigning in Wisconsin Thursday Nixon characterized the McCarthy-Kennedy position on the war as withdrawal "whatever the cost may be."

But Republicans, he said, want the war resolved in a way "that will discourage more wars rather than bring on another one four or five years from now."

Other political developments:

—Several Connecticut Democrats working for McCarthy reported receiving letters threatening them with assassination. Authorities were investigating to see if the letters, signed "Minutemen," were actually from that extremist underground anticommunist group.

—Iowa Gov. Harold Hughes said that in hopes of checking a split in his state's Democratic Party he may offer himself as a "favorite son" candidate for president.

How Can I?

By ANNE ASHLEY

Q. — How can I remove spots from laminated plastic?

A. — Work areas covered with this plastic sometimes are spotted by rust, grape juice, permanent ink, dyes, etc., and it's best not to use any abrasive cleansers, since these could damage the plastic. Instead, try using a single - step auto cleaner - polish for the safe removal of these stains.

Q.—Any suggestions on the installation of new glass panes in metal casement windows?

A.—First of all, be sure to leave at least a ⅛-inch clearance on all sides of the pane—otherwise you'll be inviting cracked glass during cold weather. Steel frames contract with low temperatures, and if the glass fits too snugly, the frames will squeeze and crack it.

Q.—How can I clean rusted or corroded metal surfaces quickly?

A.—An ordinary rubber eraser dipped into emery powder makes an effective scourer for cleaning off these rusted or corroded metal surfaces.

Q. — What can I do when I have spilled a little bleach on dark cotton rugs?

A. — Touch up the white spots with a little food coloring to prevent them from being noticeable.

Army Nurses Set Recruiting Talks Here April 9-11

An Army Nurse Corps team will be at the recruiting station in the East Liverpool post office April 9-11 to talk with women interested in the nursing program.

Sgt. Robert Dusock, recruiter, said there is a critical need for nurses in the Army.

To help meet this need, the Army Nurse Corps now offers five programs of financial education assistance to nursing students. In return, nurses who receive assistance serve for two or three years in the Army Nurse Corps depending upon the assistance plan in which they enroll.

Registered nurses who possess a diploma in nursing from an accredited institution and licensed to practice in at least one state are qualified for a commission in the all - officer Corps.

Men and women who desire more detailed information about the programs, benefits and requirements may contact Sgt. Dusock at the Recruiting Station.

Kapp To Request Hospital Records In Death Charge

Municipal Judge Samuel M. Chertoff today granted a motion by Solicitor J. Michael Kapp to subpoena records of the North Side Hospital at Youngstown as part of the prosecution's case in a preliminary hearing Tuesday for a man charged with first-degree manslaughter.

Edward Charnock of rear 418 E. 4th St. faces the charge in connection with the death March 18 of Elwood Leigh of 713 Garner Ave.

An affidavit filed by Lt. Paul A. Burson Jr. alieges that Mr. Leigh died at the Youngstown hospital of a head injury suffered March 17 when he fell to the sidewalk on Dresden Ave. after he had been struck by Charnock.

Charnock previously pleaded not guilty to the charge through his attorney, Bernard Fineman, and requested a preliminary hearing.

Pueblo Letter Asks Johnson To Apologize

TOKYO (AP) — John A. Shilling of Auburn Corners, Ohio, one of the 82 Pueblo crewmen held by North Korea, wrote his parents that unless President Johnson apologizes for the intelligence ship incident the crew "will spend the rest of our lives here," the North Korean radio said Thursday.

Shilling's was one of a new batch of letters purportedly written by the crewmen to their families, Johnson and other U.S. officials. North Korean Radio broadcast the letters.

"In my opinion," Shilling's letter said, "the U.S. government has not yet admitted and apologized for the Pueblo being in the territorial waters of the Democratic Republic of Korea. As I see it as soon as they do we will be allowed to return home."

It was the first reference in any letter so far to a possible immediate release following a U.S. apology. The United States says the U.S. intelligence ship was seized by the North Koreans in international waters—not inside the 12-mile limit as the Communists claim.

The DOCTOR Says

By DR. W. G. BRANDSTADT

Q—How many kinds of breast cancer are there? What is the medullary kind?

A—Scirrhous breast cancer primarily involves the connective tissue; adenomatous, the gladular tissue; medullary, the deep central portion; and Paget's disease, the nipples. A more useful classification is type A (fast - growing tumors in women under 40) and type B (slow - growing tumors in women over 40). These ages are relative, not absolute — type A is occasionally seen in women who are over 40.

Dr. Brandstadt

Q—How does a woman get breast cancer? What are the symptoms? Could a teen-ager get it?

A—The cause an manner of getting a breast cancer is unknown. A tumor that can be felt with the flat of the hand (not just the finger tips) is the only early symptom. Other means of early detection include scanning after giving a woman a radioisotope, scanning by means of infrared photography for areas of increased body heat and X-ray (mammography).

Cancer of the breast in girls who are under 15 is practically never seen and is very rare in women under 25.

Q—How can I bring down the swelling in my arm caused by a blockage of the lumphatics following a radical breast removal for cancer?

A—This is a common aftermath of radical mastectomy. In the treatment it is necessary first to clear up any wound infection that may be present. An elastic bandage helps to keep the swelling down but does not cure the condition. The most important part of the treatment is the use of certain exercises described in detail in the pamphet, "Help Yourself to Recovery." It is available from the American Cancer Society, 219 East 42d St., New York, N.Y. 10017.

Q—My doctor says my bladder doesn't empty completely when I void. Is this common? Could a bladder or kidney infection cause stomach distress? What causes polyps of the bladder? Should a person with bladder trouble increase his intake of fluids?

A—Failure to empty the bladder completely is common in persons who are over 60 (more so in men than in women). A bladder or kidney infection may cause vague distress in the abdomen and pelvis and, since it may be associated with nausea, it is often attributed to the stomach. The cause of polyps is not known. Taking a large amount of fluids helps to flush out the bladder and kidneys and prevent a highly acid, irritating urine.

Please send your questions and comments to Wayne G. Brandstadt, M.D., in care of The Review. While Dr. Brandstadt cannot answer individual letters, he will answer letter of general interest in future columns.

Pueblo Letter Asks Johnson To Apologize

TOKYO (AP) — John A. Shilling of Auburn Corners, Ohio, one of the 82 Pueblo crewmen held by North Korea, wrote his parents that unless President Johnson apologizes for the intelligence ship incident the crew "will spend the rest of our lives here," the North Korean radio said Thursday.

Shilling's was one of a new batch of letters purportedly written by the crewmen to their families, Johnson and other U.S. officials. North Korean Radio broadcast the letters.

"In my opinion," Shilling's letter said, "the U.S. government has not yet admitted and apologized for the Pueblo being in the territorial waters of the Democratic Republic of Korea. As I see it as soon as they do we will be allowed to return home."

It was the first reference in any letter so far to a possible immediate release following a U.S. apology. The United States says the U.S. intelligence ship was seized by the North Koreans in international waters—not inside the 12-mile limit as the Communists claim.

Army Nurses Set Recruiting Talks Here April 9-11

An Army Nurse Corps team will be at the recruiting station in the East Liverpool post office April 9-11 to talk with women interested in the nursing program.

Sgt. Robert Dusock, recruiter, said there is a critical need for nurses in the Army.

To help meet this need, the Army Nurse Corps now offers five programs of financial education assistance to nursing students. In return, nurses who receive assistance serve for two or three years in the Army Nurse Corps depending upon the assistance plan in which they enroll.

Registered nurses who possess a diploma in nursing from an accredited institution and licensed to practice in at least one state are qualified for a commission in the all - officer Corps.

Men and women who desire more detailed information about the programs, benefits and requirements may contact Sgt. Dusock at the Recruiting Station.

Kapp To Request Hospital Records In Death Charge

Municipal Judge Samuel M. Chertoff today granted a motion by Solicitor J. Michael Kapp to subpoena records of the North Side Hospital at Youngstown as part of the prosecution's case in a preliminary hearing Tuesday for a man charged with first-degree manslaughter.

Edward Charnock of rear 418 E. 4th St. faces the charge in connection with the death March 18 of Elwood Leigh of 713 Garner Ave.

An affidavit filed by Lt. Paul A. Burson Jr. alieges that Mr. Leigh died at the Youngstown hospital of a head injury suffered March 17 when he fell to the sidewalk on Dresden Ave. after he had been struck by Charnock.

Charnock previously pleaded not guilty to the charge through his attorney, Bernard Fineman, and requested a preliminary hearing.

In Indiana Primary

Kennedy, McCarthy Head For Collision On May 7

By The Associated Press

Sens. Eugene J. McCarthy and Robert F. Kennedy, so far traveling separate anti-Johnson routes in a semblance of cooperation, have at last chosen courses sure to bring a collision.

The crossroads will be Indiana's May 7 Democratic presidential primary.

It will be the first head-to-head encounter between the two antiwar Democrats who want to deny President Johnson renomination.

Kennedy showed up in person Thursday to turn in 5,500 signatures to election officials in Indianapolis and thus put himself on the May 7 ballot. McCarthy supporters had filed earlier in the day, as had backers of Gov. Roger D. Branigin, who will be a stand-in for Johnson.

The Indiana confrontation puts Richard Goodwin, one of McCarthy's top lieutenants, in a ticklish spot. Despite his role in the McCarthy organization, Goodwin has long been associated with the political fortunes of the Kennedy family.

Asked which way he will jump when it comes down to a McCarthy vs. Kennedy situation, Goodwin said Thursday in Milwaukee:

"I don't know what I'm going to do, but I can say this. I don't expect Lyndon Johnson to be the nominee. It's going to be either McCarthy or Kennedy."

McCarthy is in the thick of campaigning for Tuesday's Wisconsin primary. Kennedy is not in this one but is urging Wisconsin Democrats to vote for McCarthy and against Johnson.

In a speech in Superior, Wis., McCarthy said it's "really too kind" to criticize the South Vietnamese government as dictatorial and corrupt. There is no viable government in the wartorn nation, he said.

Kennedy, whose voice threatens to give out from the punishment he's been giving it, planned to continue hitting the campus circuit today with rallies at both the University of New Mexico and University of Arizona.

One of his Thursday stops was the University of Nebraska, where he made his first farm policy comments.

"Those who seek to meet the urban crisis," he said, "all too often ignore a key source of this crisis: the conditions of rural America."

Richard M. Nixon, only major contender for the Republican presidential nomination, was to confer today with a major backer of Gov. Nelson A. Rockefeller of New York, who recently fooled the experts by deciding to stay out of the race.

Nixon had a date to meet Gov. Spiro Agnew of Maryland in New York City. Agnew said he has heard much of the former vice president's stance on Vietnam but "I want to get a better understanding of his position on domestic issues."

While campaigning in Wisconsin Thursday Nixon characterized the McCarthy-Kennedy position on the war as withdrawal "whatever the cost may be."

But Republicans, he said, want the war resolved in a way "that will discourage more wars rather than bring on another one four or five years from now."

Other political developments:

—Several Connecticut Democrats working for McCarthy reported receiving letters threatening them with assassination. Authorities were investigating to see if the letters, signed "Minutemen," were actually from that extremist underground anticommunist group.

—Iowa Gov. Harold Hughes said that in hopes of checking a split in his state's Democratic Party he may offer himself as a "favorite son" candidate for president.

—Election officials in Oklahoma have received 23,519 signatures on petitions seeking to have former governor George Wallace of Alabama placed on the ballot as a presidential candidate.

How Can I?

By ANNE ASHLEY

Q. — How can I remove spots from laminated plastic?

A. — Work areas covered with this plastic sometimes are spotted by rust, grape juice, permanent ink, dyes, etc., and it's best not to use any abrasive cleansers, since these could damage the plastic. Instead, try using a single - step auto cleaner - polish for the safe removal of these stains.

Q.—Any suggestions on the installation of new glass panes in metal casement windows?

A.—First of all, be sure to leave at least a ⅛-inch clearance on all sides of the pane—otherwise you'll be inviting cracked glass during cold weather. Steel frames contract with low temperatures, and if the glass fits too snugly, the frames will squeeze and crack it.

Q.—How can I clean rusted or corroded metal surfaces quickly?

A.—An ordinary rubber eraser dipped into emery powder makes an effective scourer for cleaning off these rusted or corroded metal surfaces.

Q. — What can I do when I have spilled a little bleach on dark cotton rugs?

A. — Touch up the white spots with a little food coloring to prevent them from being noticeable.

How Can I?

By ANNE ASHLEY

Q. — How can I make an oak stain?

A. — By mixing a quart of boiled linseed oil, three gills of turpentine, six tablespoons of raw umber, and six tablespoons of whiting.

Q. — What's the best way to wash out a chamois skin?

A. — Wash carefully in warm soapy water, don't rinse the soap out, and press the chamois carefully on a flat surface to dry. Best not to hang the chamois in the air, since this tends to make it hard and dry.

Q. — What's a good substitute hair shampoo when I've run out of the real thing?

A. — Men's shaving cream makes a very good lather for the hair.

Q.—How can I create an old ivory finish on woodwork or furniture?

A.—Tint with light ivory paint with raw sienna or burnt umber. After this apply a glaze coat of raw sienna mixed with burnt umber, and then wipe slightly.

Q. — How can I remove paint spatters from glass surfaces?

A. — A little vinegar on these spots usually does the trick quickly and easily.

Q.—How can I boil a cracked egg so as to prevent its white from running out?

A.—By adding a little vinegar to your water.

Junior Editors Quiz on ATOMIC ENERGY

QUESTION: How did people discover atomic energy?

★ ★ ★

ANSWER: Atomic energy is energy liberated by changes inside atoms, the tiny particles of which matter is made. Some early philosophers conceived that there might be atoms, but it wasn't until 1803 that Dalton worked out a reasonable theory about them. In 1911, it was discovered that these minute particles had an even smaller center, the nucleus, with electric particles, or electrons, circling around it. In 1938, it was found that certain particles called neutrons could be speeded by electrical means and made to crash into other atoms. This is what is happening at top of picture. A neutron speeds down from upper left, crashing into an atom of uranium. This dislodges other neutrons, which shoot out, crashing into still other atoms in the almost instantaneous blast called a chain reaction. Enormous amounts of energy are released, such as give the destructive power to the atomic bomb. But the atomic chain reaction can be controlled and used to turn the energy into electricity which can be used for light and power and in many other ways. This is the meaning of the peace angel our artist has drawn. He wants to suggest that mankind is longing for the day when the enormous power of atomic energy will be used to bring happiness to everyone.

HINTS FROM HELOISE

Foil Saves Pan Cleaning

DEAR HELOISE: I bake my meat loaf in an eight-inch cake pan. But FIRST I place a sheet of aluminum foil in it, making it long enough so that it EXTENDS about an inch over the sides.

Heloise

I shape the meat loaf, put it in the pan and then bake it.

When the loaf is done, I take the ends of the foil and lift it out of the container.

If you are careful not to tear the foil when putting it in, you won't have a spot on the pan when you're through. In other words, do not tear the foil when putting the meat loaf in the pan or the juices will run through and dirty it.

If I have any meat loaf left over after slicing what I want, I wrap the same piece of foil over it and store it in the refrigerator.

I also find the foil holds all the juices.

EDNA CALDWELL.

-:-

I tried it and she's right.

HELOISE.

DEAR HELOISE: For several years when I would put flowers in our window boxes, the birds would strip the leaves off the plants I set out.

Last year, after I had replanted THREE times, I went to the store and bought a whirligig at the toy counter with bright colors and a bell in the center.

I put this in the center of the box and no more trouble with the birds. Besides, it's quite attractive, too.

YOUR STEADY.

DEAR HELOISE: My husband has found a wonderful way to fly a kite. He uses a fishing rod.

Everyone laughs at him but is always the one with the kite in the air.

It is really a great aid as he can reel it in much faster and he has yet to lose a kite on wires or trees, as he can pull back on the pole with much more strength and purpose without much effort.

He has used this method ever since childhood and his children will follow. It's a "ball" without the ball of string that always got tangled.

LYNNE ROBINSON.

Lynn, tell those who laugh at him "not to knock it 'til they've tried it."

I think it's a hale myself.

HELOISE.

DEAR HELOISE: I am always looking for some inexpensive bookends.

I found that I could use our leftover license plates by bending them not quite in half, making one side a little longer than the other and bending it only to a 90-degree angle.

Then I tape a pretty picture from an old magazine on the outside of the vertical portion of the plate.

Makes a cute and practical bookend for the study or children's room.

IRENE GEWINNER.

-:-

Or you could spray paint them!

This is not only a great use for these old license plates, but one that Boy Scouts and perhaps church bazaars might look into as a possible project.

We thank you for the idea, Irene.

HELOISE.

DEAR HELOISE: You will know when the water in the bottom of your double boiler is getting too low . . . if you place a metal jar lid in the bottom of the boiler before putting in the water.

When the water gets lower than the lid, the lid will rattle and warn you.

It really clatters.

CARDIFF.

DEAR HELOISE: Whenever a door or a chair needs oil, I use baby oil.

It works well and I don't need to worry if my one-year-old gets it on her.

MARY ANN.

All Of Us Aspire To Hang On To It

Youth Bonfire Of Spirit

By HAL BOYLE

NEW YORK (AP) — Youth is a bonfire of the spirit.

Everyone dislikes the idea of being thought of as old, even though he sometimes acts as if he were more antique than Methuselah, who dwelt among us for 969 years.

Though our bones begin to creak and the doctor frowns more often and prescribes more diets and pills and potions, all of us aspire to hang on to youth, as though it were in itself a guarantee of immortality.

You can't fight city hall, where your actual birth date is registered, but that's a mundane and inaccurate way to tell your true age anyway. The real question isn't how old you've gotten but how young you still are.

What is your youth quotient? Well, you're still young enough at heart to enjoy life if—

Children under the age of 10 recognize you as a boon companion and like to play games with you.

You think miniskirts look fine on at least one out of three girls who wear them.

Now and then you have a yearning to encompass all knowledge, to know everything there is to be known in the whole wide, wounded and wonderful world.

Instead of daydreaming about your funeral plans, you daydream about what it would be like to be aboard the first passenger spacecraft to the moon.

You'd rather take a chance on something new and exciting than lean on a tried and true crutch.

When you're shaving, you still make faces at yourself in the mirror, and when you take a shower, you still like to make the steam-wet walls echo with a song.

At an Elks' Club luncheon all the other guys drop by your table to tell you a story or hear your latest.

While listening to the telecast of a pro football game, you can understand at least a fourth of the technical gibberish the sports announcer employs.

At least one neighbor is jealous because of the enthusiastic way his wife takes your hands in hers when you meet.

You use your birthday anniversaries as happy excuses to throw luncheon larks rather than as occasions for either personal dirges or enforced tributes from your younger colleagues.

During the last sad rites for a departed acquaintance, you don't spend most of the ceremony looking around the cemetery to see if you can't find a better final resting place for yourself.

You have at least half as many friends whose calendar age is younger than yours as you do friends who are older.

At this very moment you're suffering more from spring fever than rheumatism.

If these things be true of you, stay in there and keep pitching. You're young enough to get a kick out of living—and may yet get your face slapped for saying the right thing to the wrong lady at a cocktail party.

Ohio U. President To Ask Hike In Fees

ATHENS, Ohio (AP)— Ohio University President Vernon Alden said Thursday he will present to the board of trustees next Tuesday a request to raise student fees by $30. It would make yearly fees 600 for Ohio residents and $1,200 for out-of-state residents.

Alden said the additional money is needed to offset any losses in state funds if projected enrollments fall short, to increase the library budget and to finance various university departments. The state board of regents also would have to approve the fee increase.

I shape the meat loaf, put it in the pan and then bake it.

When the loaf is done, I take the ends of the foil and lift it out of the container.

If you are careful not to tear the foil when putting it in, you won't have a spot on the pan when you're through. In other words, do not tear the foil when putting the meat loaf in the pan or the juices will run through and dirty it.

If I have any meat loaf left over after slicing what I want, I wrap the same piece of foil over it and store it in the refrigerator.

I also find the foil holds all the juices.

EDNA CALDWELL.

-:-

I tried it and she's right.

HELOISE.

DEAR HELOISE: For several years when I would put flowers in our window boxes, the birds would strip the leaves off the plants I set out.

Last year, after I had replanted THREE times, I went to the store and bought a whirligig at the toy counter with bright colors and a bell in the center.

I put this in the center of the box and no more trouble with the birds. Besides, it's quite attractive, too.

YOUR STEADY.

DEAR HELOISE: My husband has found a wonderful way to fly a kite. He uses a fishing rod.

Everyone laughs at him but is always the one with the kite in the air.

It is really a great aid as he can reel it in much faster and he has yet to lose a kite on wires or trees, as he can pull back on the pole with much more strength and purpose without much effort.

He has used this method ever since childhood and his children will follow. It's a "ball" without the ball of string that always got tangled.

LYNNE ROBINSON.

Lynn, tell those who laugh at him "not to knock it 'til they've tried it."

I think it's a lulu myself.

HELOISE.

DEAR HELOISE: I am always looking for some inexpensive bookends.

I found that I could use our leftover license plates by bending them not quite in half, making one side a little longer than the other and bending it only to a 90-degree angle.

Then I tape a pretty picture from an old magazine on the outside of the vertical portion of the plate.

Makes a cute and practical bookend for the study or children's room.

IRENE GEWINNER.

-:-

Or you could spray paint them!

This is not only a great use for those old license plates, but one that Boy Scouts and perhaps church bazaars might look into as a possible project.

We thank you for the idea, Irene.

HELOISE.

DEAR HELOISE: You will know when the water in the bottom of your double boiler is getting too low . . . if you place a metal jar lid in the bottom of the boiler before putting in the water.

When the water gets lower than the lid, the lid will rattle and warn you.

It really clatters.

CARDIFF.

DEAR HELOISE: Whenever a door or a chair needs oil, I use baby oil.

It works well and I don't need to worry if my one-year-old gets it on her.

MARY ANN.

All Of Us Aspire To Hang On To It

Youth Bonfire Of Spirit

By HAL BOYLE

NEW YORK (AP) — Youth is a bonfire of the spirit.

Everyone dislikes the idea of being thought of as old, even though he sometimes acts as if he were more antique than Methuselah, who dwelt among us for 969 years.

Though our bones begin to creak and the doctor frowns more often and prescribes more diets and pills and potions, all of us aspire to hang on to youth, as though it were in itself a guarantee of immortality.

You can't fight city hall, where your actual birth date is registered, but that's a mundane and inaccurate way to tell your true age anyway. The real question isn't how old you've gotten but how young you still are.

What is your youth quotient? Well, you're still young enough at heart to enjoy life if—

Children under the age of 10 recognize you as a boon companion and like to play games with you.

You think miniskirts look fine on at least one out of three girls who wear them.

Now and then you have a yearning to encompass all knowledge, to know everything there is to be known in the whole wide, wounded and wonderful world.

Instead of daydreaming about your funeral plans, you daydream about what it would be like to be aboard the first passenger spacecraft to the moon.

You'd rather take a chance on something new and exciting than lean on a tried and true crutch.

When you're shaving, you still make faces at yourself in the mirror, and when you take a shower, you still like to make the steam-wet walls echo with a song.

At an Elks' Club luncheon all the other guys drop by your table to tell you a story or hear your latest.

While listening to the telecast of a pro football game, you can understand at least a fourth of the technical gibberish the sports announcer employs.

At least one neighbor is jealous because of the enthusiastic way his wife takes your hands in hers when you meet.

You use your birthday anniversaries as happy excuses to throw luncheon larks rather than as occasions for either personal dirges or enforced tributes from your younger colleagues.

During the last sad rites for a departed acquaintance, you don't spend most of the ceremony looking around the cemetery to see if you can't find a better final resting place for yourself.

You have at least half as many friends whose calendar age is younger than yours as you do friends who are older.

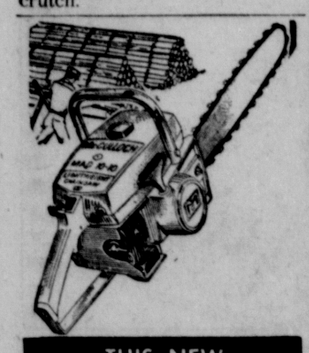

At this very moment you're suffering more from spring fever than rheumatism.

If these things be true of you, stay in there and keep pitching. You're young enough to get a kick out of living—and may yet get your face slapped for saying the right thing to the wrong lady at a cocktail party.

Ohio U. President To Ask Hike In Fees

ATHENS, Ohio (AP)— Ohio University President Vernon Alden said Thursday he will present to the board of trustees next Tuesday a request to raise student fees by $30. It would make yearly fees 600 for Ohio residents and $1,200 for out-of-state residents.

Alden said the additional money is needed to offset any losses in state funds if projected enrollments fall short, to increase the library budget and to finance various university departments. The state board of regents also would have to approve the fee increase.
